The Power to Surprise

## More stylish than ever

We took a groundbreaking, award-winning design rooted in funky urban DNA and drove it into the future. The all-new Kia Soul has been invigorated and refined – inside and out – with sporty, SUV-like styling, a host of cutting-edge technologies, and upgraded performance for an engaging ride.

soul

## The pulse of the urban jungle

Soul is the perfect partner for navigating your way through the fun and excitement of the metropolitan playground. Stand out from the crowd and see for yourself why the truly iconic never goes out of style.

## A refreshing blast of design inspiration

Robust wheel arches, wraparound greenhouse and Soul's instantly recognizable high squared shoulders combine to create an aggressive, head-turning on-road presence.

## Futuristic and funky meet chic sophistication

Striking two-tone exterior color options, distinctively designed headlamps with front LED positioning lights, and cutting-edge high-mounted rear combination lamps are just some of the modern design cues that come together to express fun fantasy from every angle.

**LED daytime running lights + HID headlamps** Self-leveling high-intensity discharge headlights provide bright, crisp lighting for enhanced safety at night while LED DRLs mark your presence on the road during the day.

**LED rear combination lamps** Soul's signature LED rear combination lamps boast outstanding visibility along with a serious dose of ultramodern style. **Outside mirror** Electrically folding, adjustable and heated side mirrors are available in black, body color or high-gloss black finishes depending on trim level. **Tailgate** Soul's funky and distinctive backpack-styled tailgate conveys an innovative and wide rear mage for a truly unique on-road presence.

## More than meets the eye

All-new Soul's distinctive styling doesn't run just skin-deep. On the inside, Kia designers have achieved a flawless synchronization of refinement and functionality that will impress even the most discerning drivers.

soul

### Convenience at your fingertips

An ergonomically designed leather-wrapped steering wheel enables intuitive command of audio, cruise control, Bluetooth, Flex Steer and trip computer functions.

### It's all in the details

Front and center is the high-tech instrument cluster with deeply recessed gauges that provides a vast array of logically displayed vehicle information.

### Premium touches throughout

Liberal use of soft-touch materials and exacting attention paid to details such as finely stitched leather upholstery take Soul to new levels of sophistication.

## A revolutionary interpretation of your point of view

Like droplets falling into a still pond, Soul's round gear shift knob, circular groupings of steering-wheel mounted controls, and spherical, high-mounted "floating" tweeters create an organic, circular-themed cabin that will appeal to drivers and passengers alike.

### Push button start

The unique position of the engine start/stop button at the front of the floor console next to the great shift lever offers both convenience and a sporty touch.

# Not just for the tech savvy

While all-new Soul is packed with the latest high-tech on-board amenities, including a tantalizing optional premium sound system, our design and engineering teams have ensured ease-of-use and practicality so that you can concentrate on enjoying the ride.

### Sound mood lamp

In music mode, the front door speaker trim lights pulsate in red to the beat of the music, while in mood mode the lights change colors automatically at regular intervals.

### 1. Integrated air vents and tweeters

The front side air vents are seamlessly integrated with the spherical, high-mounted "floating" tweeter speakers as a stylish extension of the circular theme found throughout the interior.

### 2. Aux, iPod®, USB connectivity

Plug in and play your favorite music from a variety of mobile storage devices such as iPod®, iPhone® or iPad®.

### 3. Standard audio system

With a mono-TFT LCD for excellent visibility, this advanced audio system features radio and MP3 audio file playback.

### High-tech audio system

A 4.3-inch color touchscreen provides excellent visibility and operability while also including a rearview camera display and high-end radio and MP3 controls for enhanced convenience.

### Supervision cluster with 4.3" TFT- LCD

Taking center stage is a high-tech supervision cluster with 4.3" TFT-LCD that displays a comprehensive range of vehicle information.

**Expansive 2<sup>nd</sup> row roominess**

Class-leading rear seat legroom and shoulder room will ensure your passengers enjoy the ride in comfort and style.

**A place you'll soon be calling home**

Our packaging engineers have maximized Soul's interior use of space so that all occupants can enjoy the level of spaciousness and flexibility normally found in mid-size sedans and SUVs.

## Panoramic sunroof

With one simple touch, you can add to Soul's feeling of interior spaciousness while letting in light for you and your entourage. (Not available for two-tone body color models).

## Immerse yourself in a world of comfort

We know that you'll want to spend as much time as possible in your new Soul. That's precisely why we've gone the extra mile to ensure you and your passengers can relax and enjoy the ride.

### Improved ingress and egress

Seat cushion height and the distance between the cushion and roof line have been optimized to make getting in and out of all-new Soul a breeze for people of all heights.

### Ventilated front seats

Both the driver and front passenger seats are ventilated for enhanced comfort. Warm or cool air is blown through the seat and backrest cushions, preventing perspiration build up on hot days and keeping you cozy in the winter.

### 2nd row seat warmers

Rear seat passengers can also stay cozy and warm on cold winter days thanks to two-step heated seats.

### 8-way power driver's seat / Lumbar support

Conveniently located controls allow you to electronically dial in your ideal seating position while 2-way adjustable lumbar support lessens fatigue during long drives or when you are stuck in traffic.

## Engineered for exhilaration

Whether hard at work or hard at play, you'll take notice of Soul's impressive blend of performance, safety and vehicle dynamics that put the fun back into driving.

### Flex Steer

Choose from three driving modes - Normal, Comfort and Sport - to fine tune the steering feel depending on conditions and preference.

Smart technologies for ultimate assurance

**Auto cruise control**

Conveniently adjust cruise control settings without removing your hands from the wheel with ergonomically designed buttons on the steering wheel.

### Front and rear parking sensors

Obstacles at the front and rear of the vehicle are automatically detected and an audible alert sounds with increasing intensity as the car approaches closer to the impediment.

## Unsurpassed safety in any situation

Like all of Kia's new generation of passenger vehicles, all-new Soul is available with host of advanced active and passive safety technologies that give you ultimate peace of mind under all driving conditions.

### 15-inch disc brakes

Robust 15-inch disc brakes provide powerful braking performance as well as a sporty touch to Soul's profile image.

### Driver, passenger, side and curtain airbags

A 6-airbag system offers protection for all occupants and can be effective at reducing injuries from certain collisions.

### VSM (Vehicle Stability Management)

VSM helps ensure the car stays stable when accelerating or braking suddenly - especially on wet, slippery and rough roads.

### HAC (Hill-start Assist Control)

HAC prevents the vehicle from rolling backward when at standstill on an upward incline by gently applying the brakes for up to two seconds while moving your foot from the brake pedal to the accelerator.

### BAS (Brake Assist System)

BAS greatly reduces the stopping distance during sudden braking situations by applying maximum brake force when needed.

# Excitement and efficiency on the go

All-new Soul is available with a wide range of responsive yet efficient engines coupled with advanced 6-speed transmissions. Whichever combination you choose, you'll add spice to your commute while spending less time at the gas pump.

**7-Speed DCT (Double-Clutch Transmission)**  
 A new concept of transmission equipped with the cutting-edge DCT technology that offers the best of both worlds in terms of dynamic shift of speed and cost-savings through superior fuel efficiency, assuring you with a fully satisfying driving experience all around.

**6-speed automatic transmission**  
 This compact, lightweight unit offers durability and smooth shifting while manual mode is positioned next to the driver for ease of operation.

**6-speed manual transmission**  
 Featuring enhanced shifting performance, fuel efficiency and durability, this gearbox also provides a more sporty and engaging drive.

**Organ-type accelerator pedal**  
 The organ-type accelerator pedal moves along the same natural plane as your foot for more comfortable operation, especially on extended journeys.

## Urban styling pack

Kia Soul models boast the urban styling pack amongst their standard specification comprising the following fresh SUV features.

Available in all colors.

**Portable flashlight**

This handy detachable flashlight automatically recharges when mounted on the wall socket while also serving as an interior lamp for the rear cargo area.

**Spacious cargo room**

All-new Soul offers class-leading luggage capacity of 686ℓ (SAE), enlarged rear hatch opening width and height, and rear seat full-folding and 60:40 folding for ultimate convenience when transporting items of almost any shape or size.

**Covering shelf trim**

A separate, partitioned-off space can be created to store away valuable items out of sight from prying eyes.

**Cargo under storage compartment**

A handy partitioned tray located under the floor at rear of the vehicle is the perfect place to store emergency safety and car cleaning supplies.

**Cooling glove box**

Cold air from the air conditioning unit can be vented into the glove box, creating a mini-cooler for drinks or snacks.

**Seat side tray**

A nifty bin located on the side of the front passenger seat provides an additional space for storing away small items.

**Center console**

Dual cup holders, a 4.5-liter storage bin under the armrest and a 1.1-liter front tray for small items provide added convenience.

**Cargo net**

Easily affixed using a conveniently located hook, this practical net prevents items from rolling around in the boot space.

**Audio remote control**

Intuitively mounted controls on the steering wheel allow you easily adjust audio volume and change stations without taking your hands from the wheel.

**ECM mirror**

The rear view mirror automatically dims the harsh glare of reflecting lights to ensure maximum visibility and safety during nighttime driving.

**Full-auto air conditioner**

Featuring set-and-forget functionality, the system automatically turns on and off to maintain the desired temperature while a cluster ionizer eliminates unwanted odors.

**Heated steering wheel**

A built-in heating device quickly warms your hands at the touch of a button to ensure comfortable driving during colder months.

## KIA Vehicles in harmony with nature

Whether you love getting out into the great outdoors or simply enjoy living in a more sustainable balance with the ecosystem, you have found a soul mate in Kia Motors.

Environmental preservation and social responsibility are top priorities at Kia, and we back up our commitment with tangible action. Our EcoDynamics sub-brand, established in 2009, designates the most eco-friendly cars within each Kia model range that showcase our new fuel-stretching and emission-cutting technologies such as hybrid, electric and hydrogen fuel cell powertrains.

We are also building a clean global production system, raising the resource recovery rate, and designing vehicles

with the disposal phase in mind. Meanwhile, we are adopting more and more environmentally friendly materials in our cars, selected for their composition, biodegradability and bio-inspired technology. For example, to reduce our carbon footprint, we are replacing oil-based materials with plant-based materials wherever possible.

As you can see, we at Kia Motors are committed to finding fundamental solutions to cut energy consumption and combat climate change. If you feel the same way about preserving the environment and ensuring a brighter future for the younger generation, then we have just the vehicle for you.
