CARNIVAL**

The Power to Surprise

» Celebrate the arrival of style

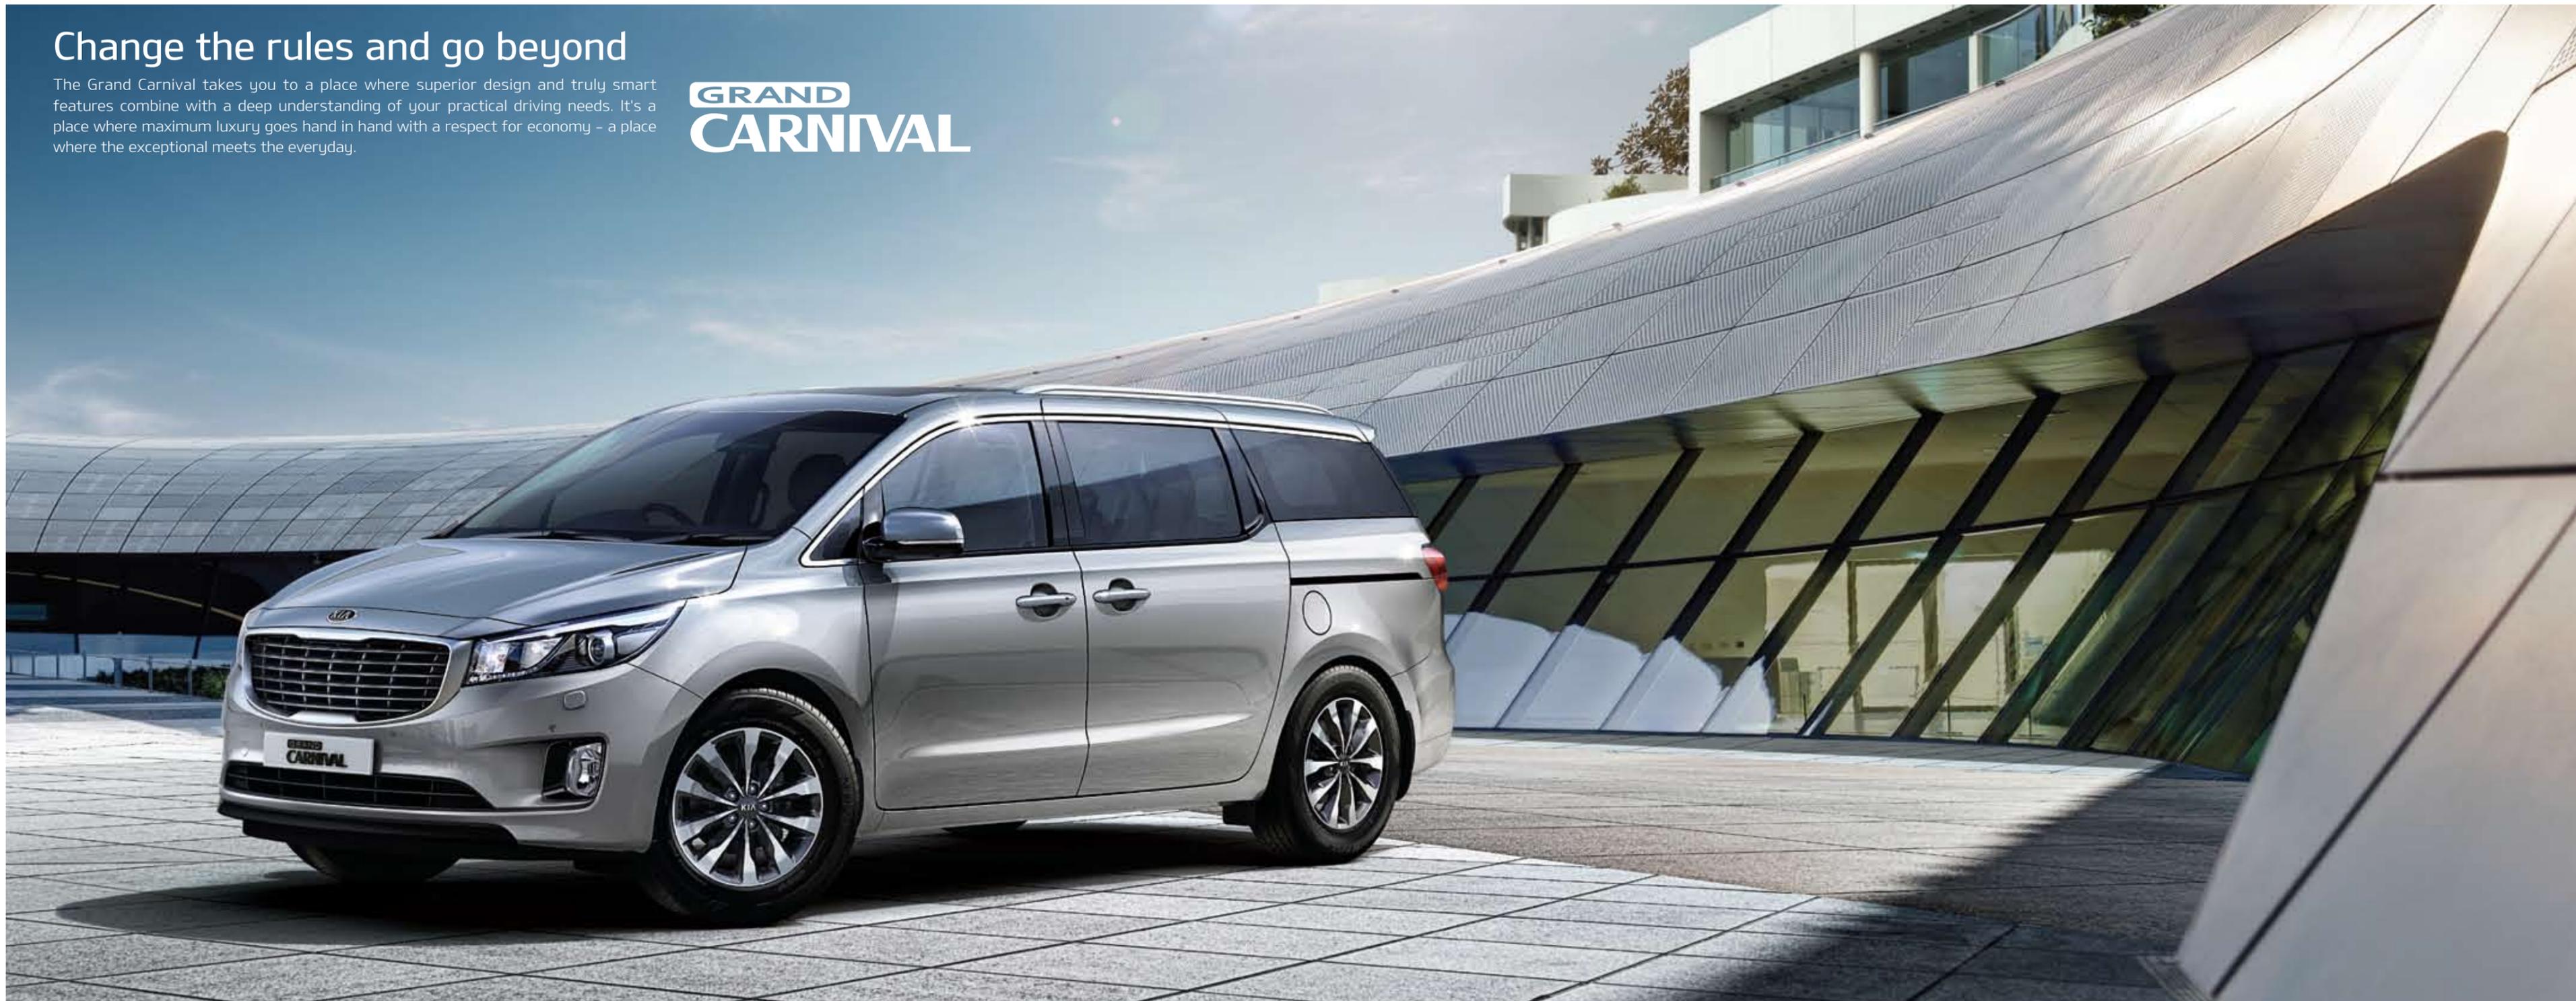

The Grand Carnival is absolute proof that a car with great power and presence can also possess a superbly sleek and sporty profile.

Change the rules and go beyond

The Grand Carnival takes you to a place where superior design and truly smart features combine with a deep understanding of your practical driving needs. It's a place where maximum luxury goes hand in hand with a respect for economy – a place where the exceptional meets the everyday.

GRAND
CARNIVAL

Dynamic driving in an exciting world

Effortlessly rise above the toughest demands on your driving skills in any urban landscape. The Grand Carnival enables you to assert absolute power over your driving environment.

Live the luxury of freedom

You yearn for the power to go anywhere, to live life to the fullest and to explore the limits of your potential. The Grand Carnival will take you there in outstanding comfort and style.

Experience the pleasure of driving

Living life to the fullest is about enjoying everything you do and that includes driving.
The Grand Carnival has arrived to make driving a truly satisfying part of how you fill each day with pleasure.

Style that turns heads anywhere

Style is all about delivering what is expected and then going beyond. It's about leaving nothing to chance and paying absolute attention to every last detail and the finest craftsmanship. But, of course, it's also about arousing delight.

- 1. Positioning lamps** LED parking lamps illuminate with supreme effectiveness while adding to the Grand Carnival's remarkably modern exterior styling.
- 2. Fog lamps** Always maintain a clear view of the road ahead without interrupting the Grand Carnival's futuristic design aesthetic.
- 3. Aerodynamic lines** Elegant side molding accentuates the sporty lines of the Grand Carnival to maintain a dynamic profile view.

A supremely elegant and spacious cockpit

Contemporary driving is all about making sure everything you need is always at your fingertips. A wide, horizontal slanted center console and an abundance of space combine with luxury styling to exceed your expectations.

Optimized driver controls

Wherever and whenever you're driving, convenient fingertip accessibility means you're always in the moment and totally in control. Never before has so much attention been paid to maintaining the perfect balance between relaxation and awareness.

• SXL Package

Steering wheel remote controls (Bluetooth hands-free, auto cruise control) To ensure minimum distraction and maximum practicality, key driver controls are within easy reach at all times.

Push button start Nothing demonstrates an appreciation of your need for convenience better than the ability to start the ignition simply by pressing a button.

Aux & USB Plug in and play your favorite music from a variety of mobile storage devices such as iPod®, iPhone® or iPad®.

Technology in the name of comfort

The Grand Carnival is rooted in the understanding that technology must always deliver the ultimate driving experience by anticipating a driver's needs.

Supervision cluster (7" color TFT LCD) A high-visibility display located in the center gauge cluster provides useful, on-demand trip computer information graphics such as distance to empty, average and instant fuel consumption and outside temperature.

Audio 3.0 B Music is a vital part of driving pleasure and the Grand Carnival's Apple-compatible audio system helps you create the soundtrack for your life on wheels.

Introducing a new definition of space

You and your passengers will finally discover that, however far you travel, it is possible to arrive at your destination even more energized than when you left.

First row ventilated and second row heated seats

No matter what the conditions are outside, you and your passengers will always enjoy fresh air and warmth for unsurpassed comfort.

12-way power driver's seat
A countless number of seating positions ensure maximum control and comfort for any driver, whatever their shape, size and preference.

Integrated Memory System (IMS) Take the guesswork out of finding your perfect seating position and store customized settings for two drivers.

Full auto air conditioning with independent 3-zone control The ultimate in high-tech climate control guarantees that interior air quality and temperature are flexible enough to suit everyone along for the journey.

A space for ultimate relaxation

The perfect interior environment offers an innovative approach to comfort by making sure you feel refreshed in all driving conditions.

Dual sunroof

There's no reason you can't enjoy the sensation of driving under a big sky while creating an even more spacious feel to the cabin.

Large center console In today's fast-moving world, we rely on our electronic devices, which is why your small laptop, tablet PC or smartphone can be conveniently kept close at hand.

USB charger outlet The USB socket can be used to charge mobile devices such as mobile phones and tablet PCs.

Stand-up seats (2nd row)

Third row passengers will never again have to struggle to climb in and out of the vehicle.
 * Available with 7/8 seat version

Spacious cargo room A seemingly endless array of seat folding variations gives way to a cavernous space for hauling items of all shapes and sizes.

Performance counts wherever you are headed

Now you'll always feel at home in your surroundings, whether it's the great outdoors or the bustling city, thanks to the ideal combination of smart technology and intelligent design.

Front and rear parking sensors
 Ultrasonic sensors warn you about obstacles in front and behind your vehicle to help keep you safe and in control at all times.

Rear view camera Be fully aware of what's behind you by using the full-color, high definition rear view camera as your trusted guide.

Rear Cross-Traffic Alert (RCTA) When backing out of a parking spot or driveway, the system warns the driver if it detects any cross traffic in the lane the vehicle is entering.

Intelligent spatial awareness

Good maneuverability means never having to feel trapped, even in the tightest of spaces. State-of-the-art features make sure you're always in charge of your Grand Carnival and able to enjoy your surroundings to the fullest.

Blind Spot Detection (BSD)

The system uses radar sensors to monitor approaching vehicles from the rear in the lanes flanking the driver. If a vehicle is detected, a visual alert appears on the sideview mirrors.

Advanced high strength steel

Advanced high strength steel improves impact resistance, body rigidity and performance as weight is reduced and the collision structure is reinforced.

Airbag system

Airbags for the driver and front passenger as well as side curtain airbags help protect against injury in the event of a collision.

Lambda II 3.3 MPI engine This powerful but quiet and fuel-efficient engine features a 3-stage variable intake system that allows the vehicle to go faster with minimized fuel consumption.

R 2.2 diesel engine This light-weight engine uses a nitrogen oxide reduction catalyst to regulate emissions while featuring NVH coating and a highly efficient turbocharger.

6-speed automatic transmission Practical styling and advanced precision come together perfectly in a gearstick featuring a leather-textured boot that is totally in line with the Grand Carnival's modern looks.

Aerodynamic performance A truly sleek profile is achieved by paying close attention to wind resistance including the design of the front bumper lip, wheel reflectors and under-coverings.

Power and safety in harmony

Peace of mind comes when safety is considered from every angle and pleasure arrives when power is combined with refinement and tranquility. The Grand Carnival offers advanced anti-collision features and a high strength chassis to deliver maximum safety.

Hill-start Assist Control (HAC) Now you never have to worry about rolling backwards when you start your car on an incline. Enjoy peace of mind wherever you park.

Electronic Stability Control (ESC) ESC automatically controls brake pressure in challenging driving situations like sudden turns, acceleration and braking.

High Performance Damper (HPD) Working alongside the Grand Carnival's suspension, HPD helps guarantee an even smoother ride, extra comfort, responsive steering and stable handling.

First and second row safety power windows Passenger safety is vital, especially when travelling with young children, and safety power windows give you added peace of mind.

Personalize your ride and arrive in style

If you're the kind of driver who likes your vehicle to reflect your personality, the Grand Carnival SXL Package is for you. Opt for sporty, stylish features like a distinctive radiator grill, 19" alloy wheels and chic wooden steering wheel.

SXL Package

Absolute convenience taken to new heights

How can you tell when you're experiencing the ultimate in convenience? When you take it for granted.

This is what the Grand Carnival achieves on every level. You'll wonder how you ever lived your driving life without it.

Portable flashlight Keep the detachable flashlight charged in its luggage-side wall socket and use it as a luggage lamp or in case of emergency.

Sunshade blinds (second & third row) Manually adjustable sunshade blinds mean that you will never have to worry about the sun getting in your passengers' eyes.

Conversation mirror It's never a good idea to look over your shoulder while driving. Now you can safely talk to rear seat passengers without turning your head away from the road ahead.

ECM rear view mirror This smart feature dims the rear view mirror automatically in response to trailing headlights for added safety when driving at night.

Cooling glove box For any kind of journey, but especially on long drives during the summer, chilled drinks and snacks make the experience far more pleasurable.

Auto defog system Forget about having to manually operate the vehicle's defogger. This clever feature detects moisture on your windshield and removes it automatically.

Heated steering wheel The ability to keep your hands warm in cold weather via the heated steering wheel is not just an added comfort bonus but an important part of safe driving.

Auto light control The Grand Carnival's head lamps automatically respond and adjust to exterior levels of light to make driving even more simple and straightforward.

Active eco system The engine, transmission and air conditioner output are automatically controlled to achieve optimal fuel efficiency.

Aeroblade wipers You count on your wipers to maintain a clean windshield, and aeroblade wipers are ideal for the job, especially when driving at high speeds.

Rear spoiler The high-mounted LED stop lamp integrated into the rear spoiler not only helps prevent collision from the rear but adds a sporty look to the Grand Carnival's exterior.

LED side repeaters and auto folding mirrors For a quick start to journeys and for added protection in tight parking spaces, the exterior side mirrors are heated and fold away automatically.

Shark fin antenna The Grand Carnival is all about style and making a sharp impression. This feature adds an extra element of confidence and on-road presence.

KIA Vehicles in harmony with nature **ECO dynamics**

Whether you love getting out into the great outdoors or simply enjoy living in a more sustainable balance with the ecosystem, you have found a soul mate in Kia Motors.

Environmental preservation and social responsibility are top priorities at Kia, and we back up our commitment with tangible action. Our EcoDynamics sub-brand, established in 2009, designates the most eco-friendly cars within each Kia model range that showcase our new fuel-stretching and emission-cutting technologies such as hybrid, electric and hydrogen fuel cell powertrains.

We are also building a clean global production system, raising the resource recovery

rate, and designing vehicles with the disposal phase in mind. Meanwhile, we are adopting more and more environmentally friendly materials in our cars, selected for their composition, biodegradability and bio-inspired technology. For example, to reduce our carbon footprint, we are replacing oil-based materials with plant-based materials wherever possible.

As you can see, we at Kia Motors are committed to finding fundamental solutions to cut energy consumption and combat climate change. If you feel the same way about preserving the environment and ensuring a brighter future for the younger generation, then we have just the vehicle for you.
