

The Power to Surprise

Kia Motors Corporation (www.kia.com) - a maker of quality vehicles for the young-at-heart - was founded in 1944 and is Korea's oldest manufacturer of motor vehicles. Over 2.7 million Kia vehicles a year are produced in 10 manufacturing and assembly operations in five countries which are then sold and serviced through a network of distributors and dealers covering around 150 countries. Kia today has around 48,000 employees worldwide and annual revenues of over US\$43 billion. It is the major sponsor of the Australian Open and an official automotive partner of FIFA - the governing body of the FIFA World Cup™. Kia Motors Corporation's brand slogan - "The Power to Surprise" - represents the company's global commitment to surprise the world by providing exciting and inspiring experiences that go beyond expectations.

The Power to Surprise

Never Compromise

SORENTO

Never compromise

Unlike others, the all-new Kia Sorento gives you the stylish good looks of an SUV with the space and comfort of an MPV. Along with enhanced technology features, there is simply no reason for you to compromise.

Surround yourself
with intelligent contours

The wraparound form of the Sorento cockpit engages you from the start while sculpted door garnishes flow organically into the front safety mouldings. Protuding functional elements such as the side air vent controls and the lower controls of the centre fascia invite engagement.

Interior images for illustration purposes only.
Interior is only available in black.

Inspired, relaxed, and firmly in control

With its fine craftsmanship, simple, appealing instrumentation and powerful, targeted ventilation, the roomy Sorento interior is a refuge of sophistication and calm when life gets busy.

7" TFT-LCD supervision cluster

A high-visibility display in the centre gauge reports outside temperature, audio information, distance to empty, fuel consumption, parking directions and drive modes (available on SX).

Satin-chrome finish

Luxurious, satin-chrome finish graces the inner door handles, air vent surrounds and other interior design features. The raised vents echo the finish of the dials and their knurled control knobs let you smoothly adjust direction and airflow.

Simpler floor console design

The floor console design is less cluttered and more efficient thanks to the adoption of an electronic parking brake and the elimination of the manual handbrake lever.

Rear air ventilation and power supply

Rear passengers can adjust airflow with vents and controls mounted at the back of the centre console. USB and 12V outlets let them charge a variety of devices.

Luxurious trappings keep you feeling right at home

The Sorento interior offers a high standard of comfort and luxury featuring finely crafted seats. A dual-pane panoramic sunroof (available on SX) adds a new dimension of sunny charm. The 2nd row seat auto-folds and slides 270 mm to let rearmost occupants in and out, while the 3rd row seat back splits and folds 50:50.

Interior is only available in black.

Interior environment in Saturn Black, insert film one-tone dashboard and black leather seat upholstery

270 mm

2nd row slides 270 mm fore-and-aft to let 3rd row passengers in and out

8-way

Power adjustable passenger seat with height adjuster

10-way

Power adjustable driver seat with 4-way lumbar support and memory settings

Driver's seat adjuster

3rd row partially folded

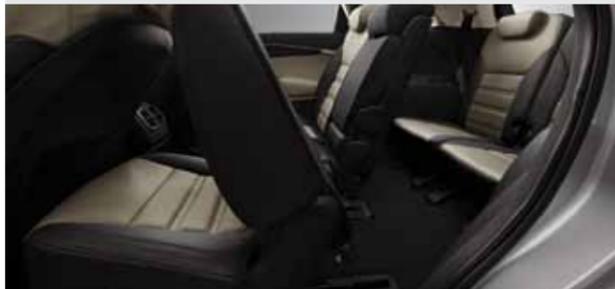

3rd row folded fully flat

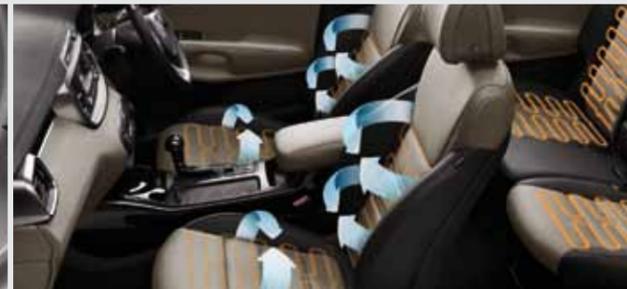

3rd row folded fully flat & 2nd row partially folded

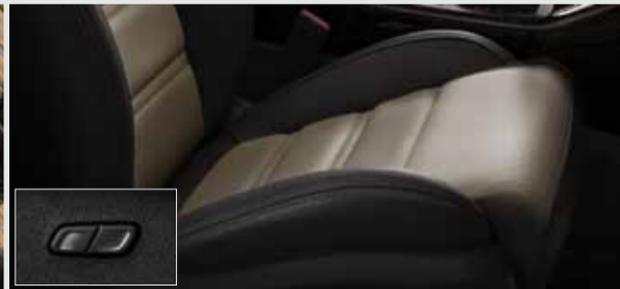

7 seats for maximum flexibility Partial and full folding of rear seat rows give Sorento numerous seating and cargo combinations for a perfect balance of passenger comfort and practicality, including convenient loading of long or odd-shaped cargo and leisure equipment.

Ease of entry and exit The 2nd row seat auto-folds and slides 270 mm to let rearmost occupants in and out.

Heated and ventilated front seats The driver and front passenger can enjoy heated and ventilated seats for all-weather comfort (available on SX).

Driver's seat thigh extension To offer support and comfort for long-legged drivers, the cushion of the driver's seat can be extended up and forward at the push of a button on the seat base (available on SX).

One-button adjustable headrest The 1st row seat headrests offer up, down and sliding adjustment with the simple push of a button.

Making the most of the space inside

A modern sport utility vehicle should accommodate a wide range of scenarios that come up through the years. The Sorento transforms quickly from a 7-seat commuter, to a miniature removal truck, to an adventure facilitator for travelers and their equipment. No matter the configuration, comfort and sophistication rule the day.

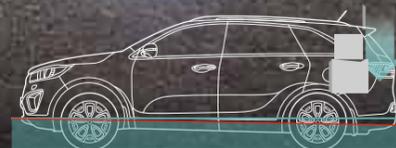

A cargo hauler at heart

The Sorento is designed to offer true practicality when you need to load, stow and carry cargo. The interior space quickly accommodates even large or bulky items. For everything that won't fit inside, a roof rack comes as standard.

Smart key with push-button start/stop
Smart power tailgate The rear tailgate opens automatically and hands-free when the Smart Key is detected nearby for 3 seconds or more. A simple push of a button closes it!

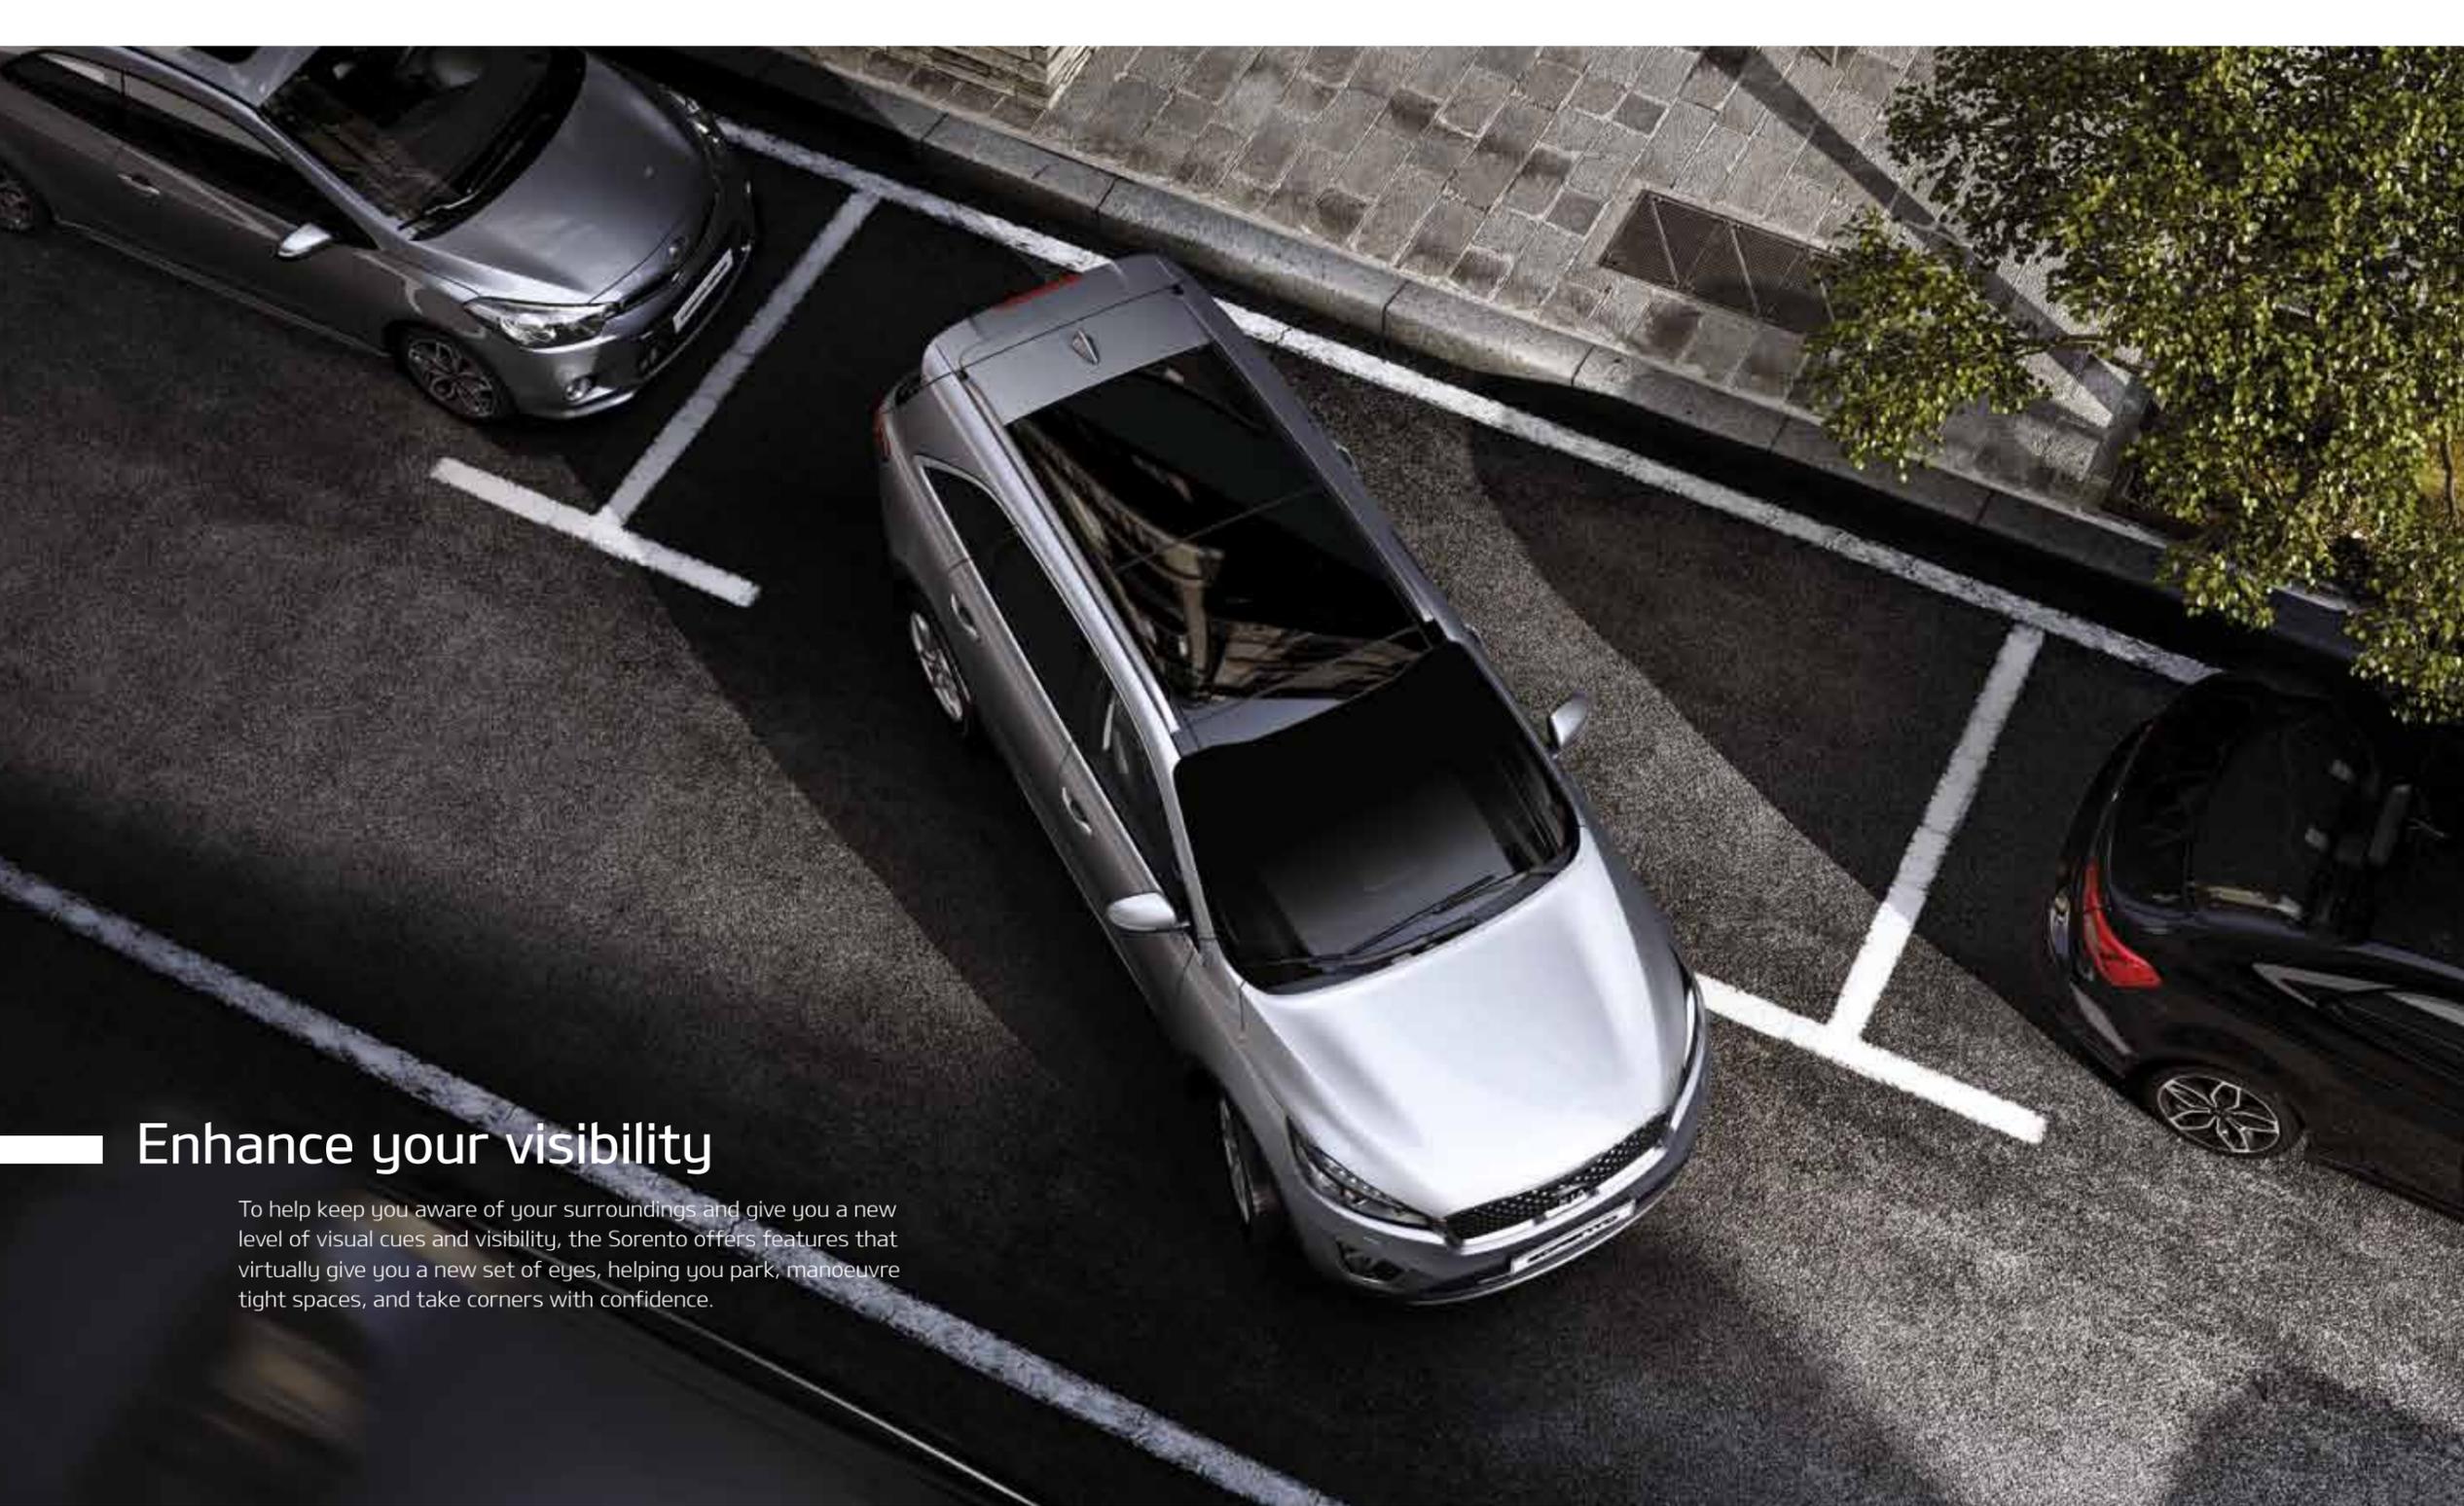

Self-leveling suspension When a heavy load is placed in the cargo area, the self-leveling suspension raises the ride level to maintain appropriate ride height, stability and clearance.

2nd row seatback lever Each side of the cargo area has a remote folding lever for the 2nd row seatbacks.

Tailgate memory function Opening angles for the tailgate can be stored in memory by pressing and holding a button under the tailgate for 3 seconds.

Enhance your visibility

To help keep you aware of your surroundings and give you a new level of visual cues and visibility, the Sorento offers features that virtually give you a new set of eyes, helping you park, manoeuvre tight spaces, and take corners with confidence.

Smart Parking Assist System (SPAS)

This system uses ultrasonic side-mounted sensors to search the adequacy of the parking space. A parking steering aide automatically steers the vehicle into place. Parallel parking and departure, as well as reverse perpendicular parking, are supported (available on SX).

— Cd **0.33** Coefficient of drag —

Witness graceful economy in motion

The petrol and diesel engines available on the Sorento offer enjoyable mid- and low-range torque and smooth and quiet operation. Their enviable fuel economy is aided by ingeniously precise transmissions and the class-leading aerodynamic 0.33 coefficient of drag.

2.4 GDI gasoline engine
Max. power 188 ps @ 6,000 rpm

2.2 CRDi diesel engine
Max. power 200 ps @ 3,800 rpm

6-speed automatic transmission An electronically controlled 6-speed automatic transmission provides smooth, seamless shifting and improved fuel efficiency.

Drive mode select system Choose Normal, Eco, or Sport mode to suit your driving preferences.

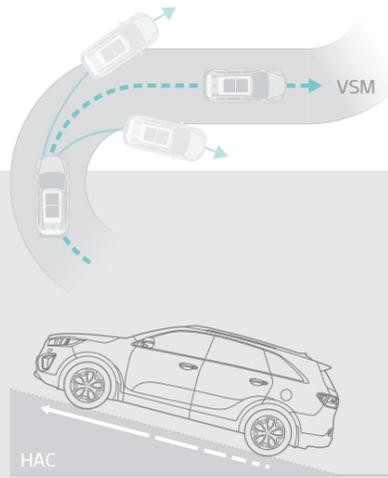

Dynamax AWD

True AWD. Continuously thinking forward.

Dynamax™ AWD Coupling The intelligent Dynamax All-Wheel-Drive (AWD) system, developed in conjunction with Magna Powertrain, continuously monitors driving conditions and anticipates AWD system requirements, sending torque to the wheels that have traction. The system also adds stability in corners, helps eliminate unintended over- and understeer by reducing unwanted traction forces at the front and rear axle, and helps reduce fuel consumption and emissions. (for diesel variant only)

Technology makes it all seem effortless

Every day the road can present new challenges. The Sorento is engineered to use its own reflexes to keep you in control when tricky surfaces, inclines, twisting roads, and unexpected moves by other drivers put you to the test.

Vehicle Stability Management (VSM)

VSM helps ensure stability when simultaneously braking and cornering, or during rapid acceleration - especially on wet, slippery or rough roads.

Hill-start Assist Control (HAC)

HAC prevents the vehicle from rolling backward when at a standstill on an incline by gently applying the brakes for up to two seconds while you move your foot from the brake pedal to the accelerator.

Rack-type Motor-Driven Power Steering (R-MDPS) A firm, solid feel and unprecedented steering response are simultaneously achieved with optional R-MDPS.

Rear sub-frame Even 2WD models now feature the sturdy rear sub-frame that AWD models are famous for, further improving driving stability.

Upright rear shock-absorber A more vertically oriented rear shock absorber system helps to control wheel travel on uneven ground and better isolates occupants from bumps.

We've given the unthinkable quite a bit of thought

Feel protected inside the Sorento cabin where you are surrounded by a safety cage design fortified with ultra-high-tension steel and a 6-airbag SRS system. Thoroughly tested in countless crash simulations and actual collision tests, the Sorento puts occupant safety above all else.

52.7% AHSS used

Advanced High Strength Steel (AHSS) The Sorento uses more than 52.7% Advanced High Strength Steel. This exceptional steel reinforces the front, rear and sides, as well as high stress points throughout the body.

Six airbags The Sorento offers driver, front passenger, two front-side, and two side-curtain airbags to help protect occupants and potentially reduce injuries, in the event of a collision.

The little things that make it all yours

While the Sorento comes well equipped with standard features, a wide selection of optional amenities give you many ways to personalise your own Sorento to suit your needs and preferences.

Panoramic sunroof The vast dual-pane panoramic sunroof lets you and your passengers enjoy fresh outdoor breezes as it creates an even more spacious interior ambience. A one-piece motor-driven roller blind, and the absence of a centre head lining, provide an open feeling unmatched by competitors' sunroofs (available on SX).

HMSL integrated rear spoiler
An attractively contoured rear spoiler helps to manage airflow over the rear of the vehicle and incorporates a High-Mounted Stop Lamp (HMSL).

Signature LED tail lamps
LED tail lamps and stop lamps, are integrated into the tail lamp clusters. LEDs illuminate more quickly, last longer, and are more energy efficient than conventional bulbs.

4.3" TFT-LCD touch-screen audio
The 4.3" touch-screen audio system adds to the standard system's capabilities with a larger, colour touch screen and an integrated backup camera display.

Dual separate climate control
The dual climate control system gives the driver and front passenger separate controls for temperature and fan speed.

Steering wheel audio remote control
Intuitively placed steering wheel-mounted controls let you adjust volume and change stations without taking your hands from the wheel.

Bluetooth Handsfree with voice recognition
Enables wireless connectivity between your Bluetooth-compatible devices and the vehicle sound system via the built-in microphone.

Auto cruise control
Adjust cruise control settings without removing your hands from the wheel using these ergonomically designed buttons.

Auxiliary, USB and iPod® connections
Play audio from iPhone, iPod, flash drives and other compatible multimedia devices through the integrated 3.5 mm (analogue) and USB connectors.

Electronic Parking Brake (EPB)
Engage the parking brake simply by pressing a button and be certain of whether it's properly engaged or not.

Integrated Memory System (IMS)
Recall the stored seat, steering wheel and side mirror positions for two drivers (available on SX).

Tyre Pressure Monitoring System (TPMS)
TPMS not only indicates which tire is low on air, but also shows the current pressure for each tire.

USB charger
The USB charger built into the rear bottom of the centre console lets occupants charge their portable devices using a USB power source.

Auto-up and -down windows
An auto-down driver's window is offered as standard. Auto-up and -down driver and front passenger windows for added safety and convenience.

Sunshade blind
A retractable rear-door window sunshade helps rear passengers and stowed cargo stay cool on sunny days (available on SX).

Stainless steel pedals
Sturdy, lightweight stainless steel pedals add a performance-inspiring accent.

LED illuminated door scuff
Bright, low-energy LED lighting illuminates the lower door sill to help you get in and out of the Sorento gracefully at night or in dark car parks.

Colour and trim selection

The Sorento is available in a pleasing array of exterior and interior colour combinations that offer up-to-the-minute style and a soothing atmosphere.

Exterior colours

There's a paint finish to suit your style. The Sorento is available in pearlescent, metallic and solid exterior colours.

Snow White Pearl (SWP)

Silky Silver (4SS)

Platinum Graphite (ABT)

Imperial Bronze (MY3)

Sunset Red (MRS)

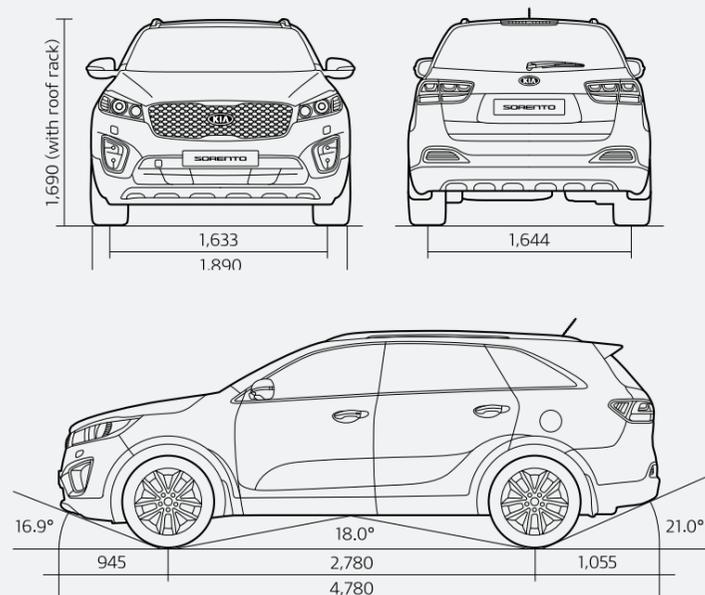

Metal Stream (MST)

Aurora Black Pearl (ABP)

Dimensions (mm)

Alloy wheel

Aerodynamic alloy wheels help reduce unsprung weight and accentuate the Sorento's brawny character.

235/55R 19" Alloy wheel (available on SX)

235/60R 18" Alloy wheel (available on EX)

Radiator grille

The new grille designs feature the Kia family look and bring out the confident character of the Sorento.

Dark metallic grille

Skid plate

The visually appealing front under guard and skid plate offer protection against splashes and scrapes.

Silver painted
