

GIVE IT EVERYTHING 

Part #: UT210 PM001

2021

K5.

TURBOCHARGE
EVERY DAY.

MADE FOR SAN FRANCISCO AND URBAN STREETS ACROSS THE U.S.A.

WHATEVER MOVES YOU, GIVE IT EVERYTHING.

The way we see it, no one ever said, give it a bit. No one ever said, give it less. The world was not built by half-measures, or the half-hearted. So we say, Give It Everything. Here's to going all in as you go all out. Embracing all that's possible, now and tomorrow. With more heart, more vision, and more purpose. Whether you're building a car, or building a life. For those who share this unwavering spirit, we created the first-ever 2021 K5. Designed to fuel your passion to take on the day.

**PUT YOUR INSPIRATION
INTO ACTION.**

WHETHER YOU'RE PURSUING A BRAVE NEW ENDEAVOR OR POWERING THROUGH AN AMBITIOUS DAY, WE DESIGNED THE K5 TO HELP YOU MAKE IT HAPPEN.

Commanding, sleek, and sporty, the all-new 2021 K5 is made to go bold in every way. With a choice of two turbocharged engines and available features like a sport-tuned suspension* for higher performance. Available all-wheel drive^{*†} for all-weather confidence. Advanced driver-assistance technologies^{1*†} for extra help when you need it. And striking exterior details to make your presence known on any road.

*Optional feature available only on certain trims. See Features page for availability. [†]No system, no matter how advanced, can compensate for all driver errors and/or driving conditions. Always drive safely. 1 See inside back cover for endnote. GT-LINE AWD SHOWN (Available Fall 2020)

Aim higher every day. At Kia, this is what we mean by Give It Everything, and we celebrate others who share this spirit. Sammy Mason is the perfect example. Born into a multi-generational family of pilots, Sammy inherited a love of adrenaline and high-performance — along with an unstoppable drive to shatter his own limits. He began flying gliders at age 13, soloed in a glider at 14, and by 16, he became the youngest airshow pilot in the world. “I worked so hard for it — it wasn’t natural,” he says.

Practicing nearly every day, Sammy became the youngest member of the U.S. Advanced Aerobatic Team at 19. And at 25, he faced his fears — undergoing intense, underwater escape training — to fulfill his ultimate dream of becoming the youngest pilot ever to join the elite Red Bull Air Race circuit. Today, Sammy continues to push beyond his limits, winning multiple gold medals. “It’s my passion,” he says.

“WHEN I GET IN THE AIRPLANE, I FEEL LIKE I'M STRAPPING THE AIRPLANE ONTO ME INSTEAD OF ME TO IT. IT'S PART OF ME.”

— SAMMY MASON

NEVER STOP RAISING YOUR GAME.

GO FARTHER, PUSH HARDER, AND WHEREVER YOU'RE HEADING, LET THE DYNAMIC PERFORMANCE OF K5 KEEP YOUR ADRENALINE PUMPING ON THE ROAD TO GET THERE.

CREATE A WISER WAY.

WE CAN ALL USE A LITTLE EXTRA HELP OUT THERE, SO WE ENGINEERED K5 WITH THE LATEST ADVANCED DRIVER-ASSISTANCE TECHNOLOGIES, MANY OF WHICH COME STANDARD ON EVERY TRIM.* WE CALL THESE FEATURES KIA DRIVE WISE,* BECAUSE THEY HELP YOU DRIVE SMARTER AMIDST EVERYDAY CHALLENGES.[†]

KIA DRIVE WISE^{1*}

is a suite of standard and available advanced driver-assistance technologies that are designed to help keep you alert, aware of surrounding traffic, and even intervene in certain situations to help you avoid collisions. Using cameras, radar, and sensors, Kia Drive Wise includes braking technologies, maneuvering technologies, and more. You can learn about each of these impressive features on the following pages.

¹ See inside back cover for endnote.

Never stop striving. At Kia, we work tirelessly to bring the latest life-changing innovations in technology to our products, and Caleb Carr is driven by the same mission. His company, Vita Inclinata®, is committed to “developing technology to save lives,” with a device that helps increase the success rate of helicopter rescues. The autonomous device, called the Load Stability System (LSS®), uses motion sensors and high-performance electric ducted fans to prevent the rescue basket from spinning out of control while hoisting victims in adverse conditions.

The long journey to creating the LSS® is personal for Caleb. As a teen volunteer with a local search-and-rescue, Caleb watched an individual die on a mountain because a helicopter was unable to airlift them due to the swinging of the basket. Caleb never forgot, and vowed to find a way to fix the issue. Persevering through 10 years of trial and error, he has done just that.

STOP SMARTER.

THESE STANDARD AND AVAILABLE ADVANCED FEATURES ARE DESIGNED WITH URBAN DRIVING IN MIND, ENHANCING YOUR ABILITY TO REACT TO PEDESTRIANS, CYCLISTS, AND VEHICLES IN YOUR PATH.¹

REAR CROSS TRAFFIC COLLISION-AVOIDANCE ASSIST^{1*} DW
uses visual and audible alerts that can help warn of traffic coming from either side when you're in reverse, and can even automatically apply the brakes to help you avoid collisions

FORWARD COLLISION-AVOIDANCE ASSIST WITH PEDESTRIAN DETECTION¹ DW
can give visual and audible alerts and even automatically apply the brakes when the system detects a potential forward collision with a vehicle or person in front of you

FORWARD COLLISION-AVOIDANCE ASSIST WITH CYCLIST DETECTION AND JUNCTION TURNING^{1*} DW
adds cyclist detection to the feature described above, and is also designed to detect oncoming vehicles in certain situations like making a left turn at an intersection

DW = DRIVE WISE

*Optional feature available only on certain trims. See Features page for availability. 1 See inside back cover for endnote. GT WITH GT1 PACKAGE SHOWN (Available Fall 2020)

STAY ON TRACK.

THESE STANDARD AND AVAILABLE ADVANCED FEATURES CAN HELP KEEP YOU ON COURSE AMIDST EVERYDAY CHALLENGES SUCH AS VEHICLES IN YOUR BLIND SPOT, CHANGING LANES IN TRAFFIC, AND MORE.¹

SMART CRUISE CONTROL WITH STOP & GO^{1*} DW

is engineered to help maintain a safe distance from the vehicle detected in front, by adjusting your driving speed, and in some cases, completely stopping and resuming again

NAVIGATION-BASED SMART CRUISE CONTROL — CURVE^{1*} DW

can adapt to changing speed limits and upcoming curves that it detects through the available Navigation system^{5*}

HIGHWAY DRIVING ASSIST^{1*} DW

works with Smart Cruise Control^{1*} and is designed to adjust to the speed limit of selected controlled-access roads detected through the available Navigation system^{5*}

BLIND-SPOT COLLISION-AVOIDANCE ASSIST^{1*} DW

is designed to help alert you to vehicles in your blind spot, and can even apply corrective braking to help you avoid some hazardous lane-change decisions

DRIVER ATTENTION WARNING WITH LEADING VEHICLE DEPARTURE ALERT⁶ DW

is designed to give you a warning signal to take a break if it detects inattentive driving practices, and also alert you when the vehicle ahead pulls away from a standstill

LANE FOLLOWING ASSIST¹ DW

can provide a degree of automatic steering assist to help keep the vehicle centered in its lane by analyzing visible lane markings and information it detects from the vehicle ahead

LANE KEEPING ASSIST⁷ DW

can help alert you if it detects the vehicle getting close to visible lane markers, and apply corrective steering to help prevent you from drifting out of your marked lane

HIGH BEAM ASSIST⁷ DW

is engineered to automatically dim the headlights when the system detects an oncoming or leading vehicle, then return to high beams when vehicles are no longer detected

Design to inspire. We crafted K5's cabin to be an empowering, comfortable environment to help you pursue new possibilities, and Dana McKinney shares the same vision in what she creates. As an architect and urban planner, Dana is committed to putting the power of architecture to work for those who need it most.

An outspoken advocate for social justice through design, she's passionate about integrating wellness, policy, and economics into innovative structures and spaces to benefit vulnerable populations such as older adults, the formerly incarcerated, and those experiencing homelessness. "I want to make beautiful spaces and buildings, but for all people, not just the wealthy," she says. "It's really important that architecture and urban planning are not mutually exclusive."

ENDNOTES

1. These features are not substitutes for safe driving and may not detect all objects surrounding vehicle. Always drive safely and use caution.
2. Remote features require a UVO subscription, a compatible smartphone, and a wireless signal with good coverage to function. Normal cellular service rates may apply. Do not use remote climate control if vehicle is in an enclosed area (e.g., closed garage) or a partially enclosed area without ventilation. Close all doors leading from adjacent living areas to the vehicle area before executing a remote climate control command. If any door or hatch is not closed properly, the remote lock and unlock functions will not work.
3. Purchase/lease of certain 2021 and newer Kia vehicles with UVO link includes a complimentary 1-year subscription starting from new vehicle retail sale/lease date as recorded by the dealer. After your complimentary 1-year UVO link subscription expires, continued access to the full suite of UVO link services available on your Kia will require a paid subscription at the then-current subscription rate or your use of certain UVO link features may immediately terminate. Use of UVO is subject to agreement to the UVO Privacy Policy (available at owners.kia.com/us/en/privacy-policy.html) and Terms of Service (available at owners.kia.com/us/en/terms-of-service.html). UVO link is transferable to subsequent owner during the original UVO link service term. Only use UVO link when safe to do so. Kia Access with UVO link app is available from the Apple® App Store® or Google Play™ Store. Kia Motors America, Inc. reserves the right to change or discontinue UVO link at any time without prior notification or incurring any future obligation. Message and data rates may apply. Cellular and GPS coverage are required to use most features. UVO link features may vary by model, model year, and trim level. Features, specifications, and fees are subject to change. 4. Use extreme caution when using seat warmers or heated steering wheel to avoid burns. Refer to the Owner's Manual for more safety information.
5. Distracted driving can result in a loss of vehicle control. When operating a vehicle, never use a handheld device or vehicle system that takes your focus away from safe vehicle operation. Navigation is for information purposes only, and Kia does not make any warranties about the accuracy of the information.
6. Driver Attention Warning is not a substitute for safe driving and may not detect all instances of inattentive driving practices. Failure to pay attention to travel conditions and vehicle operation could result in loss of vehicle control. Always drive safely and use caution.
7. High Beam Assist does not operate below certain speeds, or in some lighting and driving conditions. Please be aware of your surroundings and exercise proper road etiquette when operating a vehicle using the high beams.
8. This system is not a substitute for one's attention. Always check the vehicle interior when exiting the vehicle.
