SORENTO.
FOR WHATEVER
IS OUT THERE.

MADE FOR THE PACIFIC NORTHWEST, OR WHEREVER YOU GET YOUR WHEELS DIRTY.

TELL BETTER STORIES.

What stands between you and your next epic experience? In the 2020 Sorento, the answer is pretty much nothing — muddy Washington forests, slick roads, snow-covered passes — bring them on. With its powerful, available V6* engine, optional Dynamax™¹ fully active all-wheel drive,*[†] and premium feature-filled cabin with seating for seven, Sorento lives to take you into the thick of it and back again with grit, style, and refined comfort.

WHERE MUD IS ALWAYS IN SEASON.

The Pacific Northwest states of Washington and Oregon are home to the wettest areas in the continental U.S. Washington's Aberdeen Reservoir takes the top spot, with an average yearly precipitation of 130.6 inches. The rest of the top-ten locations are found either in nearby western Washington or the northern Oregon coast, making for some of the most beautiful, green, gloriously muddy trails that the Sorento is all too happy to tackle.

*Optional feature available only on certain trims. See kia.com for details. ¹ See inside back cover for endnote. [†]No system, no matter how advanced, can compensate for all driver errors and/or driving conditions. Always drive safely. Aftermarket all-terrain tires (sold separately) are recommended for muddy or slippery conditions. Cover and this page: SX AWD SHOWN
