

In summer, how much does the indoor temperature rise?

Safely open and close the windows using
the window safety feature.

60°C or higher

Hot air inside the vehicle
may lead to fire hazards,
health problems or damage
to stored items.

Opening and closing the windows can also
lead to unexpected situations.

Experience smart and safe
operation of the windows with
the remote window and
automatic reversal functions.

Smart control Remote window

Controls the windows remotely with the smart key
when the engine is turned off.

Please note

Safe control Automatic reversal

Detects obstacles and automatically stops the window
from closing to prevent jamming.

**Convenience and safety at the same time!
How do you like the window safety feature?**

Kia will continue to develop
new technologies for safe driving.
