

Skylight Window

Gazing at the blue sky through a skylight
in the roof of a house.

Everyone has dreamed of this kind of beauty at least once.

Now, you can enjoy the same experience
in your vehicle.

Movement that inspires

Skylight Window

Gazing at the blue sky through a skylight in the roof of a house.

Everyone has dreamed of this kind of beauty at least once.

Now, you can enjoy the same experience in your vehicle.

Movement that inspires

A sunroof creates an open feel, improves interior lighting, and provides excellent air circulation and moisture reduction.

How to Use the Sunroof Safely

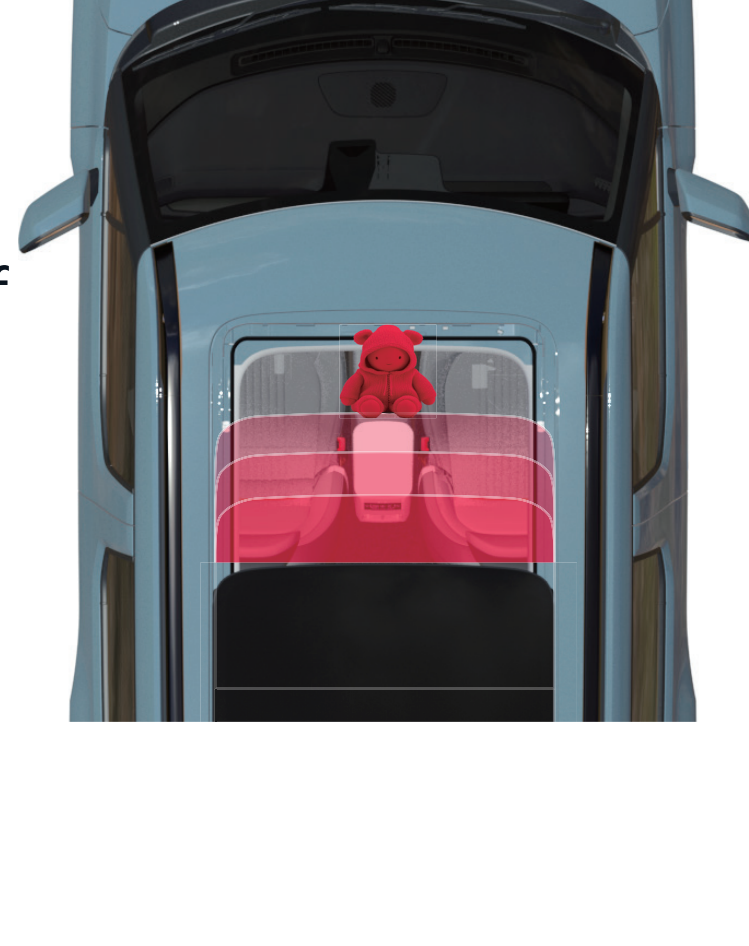

Be careful not to get your head or any part of your body caught in it.

Do not use it if there's a roof rack installed or any luggage loaded on it.

The sunroof features an automatic reversal function.

If it detects resistance whilst closing, the sunroof automatically stops and reopens slightly.

※ Do not test this function deliberately.

How to Reset the Sunroof

If the sunroof is not working properly, try resetting it.

- Step 1.** With the sunroof closed, press and hold the switch forward until you hear a click.
- Step 2.** Visit authorised Kia dealer and have your vehicle inspected and cleaned.
- Step 3.** The sunroof will automatically open and close, completing the initialization.

Sunroof Cleaning and Drain Maintenance

General maintenance

Spray glass cleaner on the sunroof and wipe it with a clean cloth.

To ensure smooth operation and prevent noise, remove any dust from the sunroof rails, between the glass and the roof panel.

How to Clean the Drains

There are drainage holes and channels located at the corners of the sunroof frame that lead to the lower body of the vehicle. Regularly check the drainage holes for leaves or other debris and clean them thoroughly.

Visit authorised Kia dealer and have your vehicle inspected and cleaned.

If you hear unusual sounds when operating the sunroof, if it doesn't open or close smoothly, or if water leaks after cleaning, please visit your authorised Kia dealer.

With regular inspections, you can keep your sunroof in optimal condition for years to come.

The criteria and details may differ depending on the options and specifications of each individual vehicle, and may vary according to regional regulations, driving conditions, the actual condition of the vehicle, and external factors. The company shall not be held legally responsible for any injuries, damage, or other issues resulting from user negligence or improper handling while operating or inspecting the vehicle in accordance with CardNews.
