

# The Carens Clavis EV

It's an E.We

Movement that inspires

## Moves with the times. And with you.

The Carens Clavis EV is crafted for a new way to move, where every ride is shared in spirit, every seat sparks a connection, and cutting-edge electric innovation blends seamlessly with the timeless joy of being together. And the journey keeps going, thanks to a long-range battery, K-Charge, and i-Pedal regen. Designed with space, safety, and seamless tech, it's everything India needs to travel smarter and keep everyone effortlessly in sync, be it highway or city rides.

## Commands the first glance. And the next.

With sculpted lines that exude presence from every angle and a confident SUV-like stance, the Carens Clavis EV turns first impressions into lasting ones. Signature touches like the bold Digital Tiger Face with Grille Cover and striking Star Map LED Connected DRLs with Integrated Turn Signals set it apart, while the expansive Dual Pane Panoramic Sunroof invites more light, space and endless possibility into every drive.

# K-Charge: Search, charge and pay with ease

K-Charge on the MyKia App helps you find a charging station with ease. Just search, navigate, plug in, and pay. You'll have access to 11 000+ charging points across India, right at your fingertips. And when you're not on the road, Kia's convenient home charging unit options make sure your EV is always powered up and ready to go.

## Why K-Charge?

11 000+ charging points nationwide

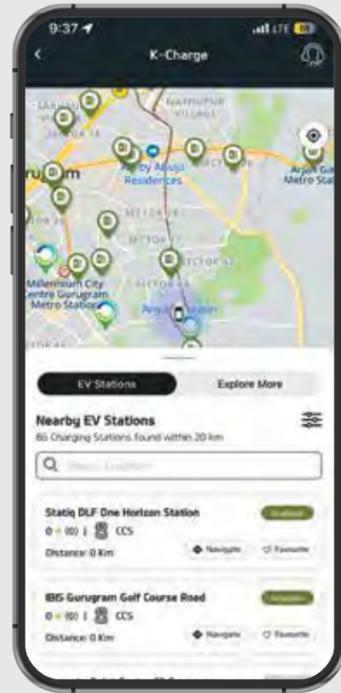

18 leading Charge Point Operators (CPOs) integrated

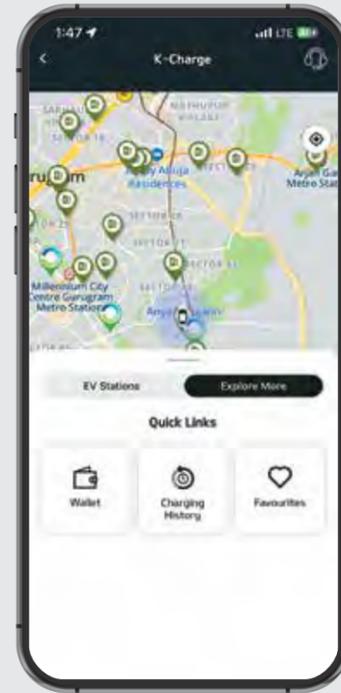

Fast EV charging network spanning PAN India

## How it works

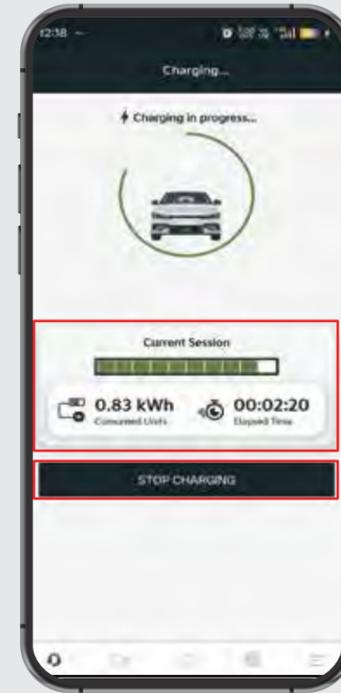

With the easy-to-use MyKia App, charging your EV is just four simple steps away:

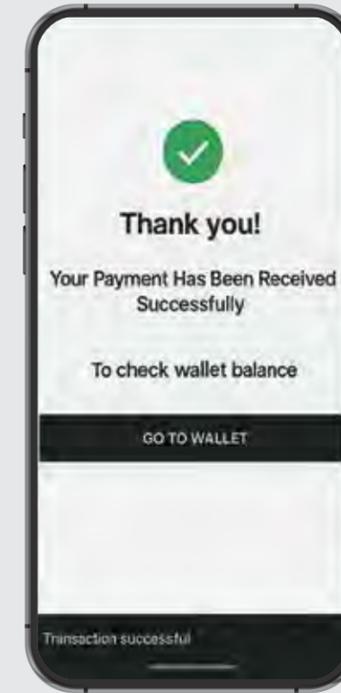

**Locate**  
nearby charging stations

**Navigate**  
directly to your selected charger

**Charge**  
charging services effortlessly

**Pay**  
securely through the App

\*K-Charge is a platform of Kia India Pvt. Ltd. ("Kia") which assists / facilitates users to locate, access, and pay for EV charging services ("Services") offered by third-party Charging Point Operators (CPOs). Users hereby agree and acknowledge that all charging services are delivered by third-party CPOs. Kia only facilitates the above Services and shall not be liable for service interruptions, equipment failures or inaccuracies in availability/status provided by the CPOs or for any other service provided by CPOs relating to the EV Charging including but not limited to any permanent or temporary functioning / damage to the Vehicle. Kia disclaims any liability for physical damage, safety incidents or performance issues at third-party charging stations. Users are responsible for ensuring proper connection and safe charging practices as per guidelines provided by CPOs.\*

# EV Route Planner: Find your way. And your next charge.

No guesswork. Just seamless journeys. The EV Route Planner with K-Charge on the MyKia App shows you charging stations across your route, thanks to a growing network of reliable partners.

## How it works

- Enter your starting point
- Enter your destination
- Tap 'OK'

While navigating from point A to point B, available charging stations along the route are instantly displayed, ensuring seamless travel and uninterrupted mobility. Here's an example:

Origin\*  
Bengaluru, Karnataka

Destination\*  
Tenali, Andhra Pradesh

Get Directions

## Powers your day. And your escape.

No more queues. No more compromises. The Smart Connected Home Charger (optional) comes with 7.4kW and 11kW options, along with OTA updates and 24x7 support — so your Carens Clavis EV is always ready for adventure.

### 11kW Charger

Estimated AC Fast Charging 4h 45 min (SOC 0% to 100%)\*\*  
from 11kW AC Fast Charger

- 3-phase charging capability
- Recommended for extended battery range vehicle

### 7.4kW Charger

Estimated AC Fast Charging 6 hour 30 min (SOC 0% to 100%)\*\*  
from 7.4kW AC Fast Charger

- Single-phase charging capability
- Recommended for standard battery range vehicle

\*\*Depending on the condition of high voltage battery, charger specifications, and ambient temperature, the time required for charging the high voltage battery may vary.
