

Vehicle Charging Management System Update

EV9 MY24 | 29/4/2026

Dear Owners,

An important OTA Update for the Vehicle Charging Management System will be available from the 29th of April, 2026. This update is applicable to variants of Model Year 2024 EV9.

What's New

This OTA update provides the following to your vehicle:

- Updated Vehicle Charging Management System (VCMS) logic to increase compatibility with some charger providers, along with a scheduled charging issue being rectified.
