

Rescue sheets

These rescue data sheets are only used by emergency services in the field of technical assistance.

All information contained on the rescue data sheets is only for vehicles which are intended for the European market. The maximum possible equipment of the vehicles is always shown in the rescue data sheets.

Right-hand drive vehicles may vary in design.

Vehicles and equipment variants are subject to constant changes. KIA reserves the right to discontinue or change designs and specifications at any time without notice and without any obligation.

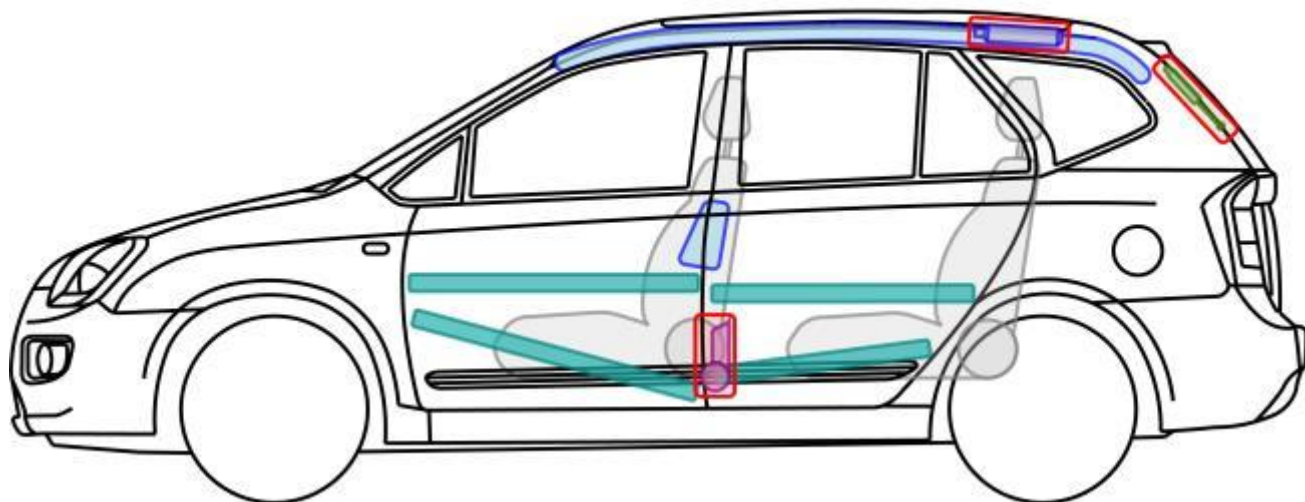

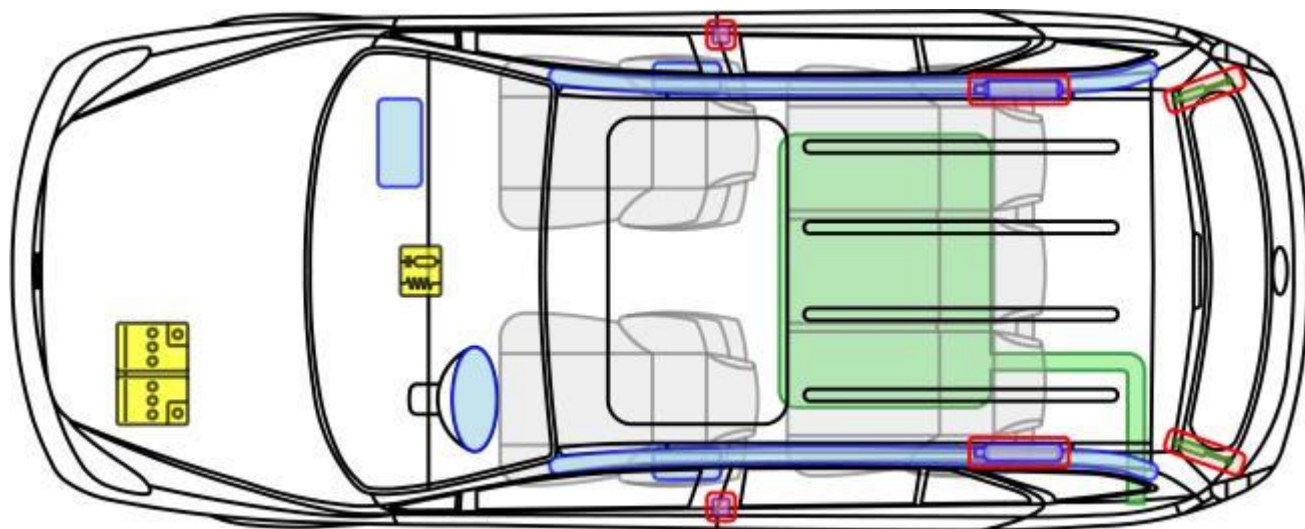

Note:

This information is intended only for trained emergency services and not for consumers, workshops and dealers.
