Please refer to the latest monthly price list  
and consult a sales representative to make a purchase.

SUVs around the world focus on the look of the interior and the size of space, but Mohave focuses on the size of ideas and the quality of riders' experience.

Mohave the Master was created for people who think big and are bold enough to live according to their own beliefs.

It strives to constantly elevate the value of its flagship SUV with an unwavering conviction and a relentless pursuit of innovation.

# MOHAVE

---

## THE MASTER

# THE HERITAGE

## INNOVATION ROOTED IN THE BRAND'S HERITAGE

Mohave is a name that is emblematic of Korean SUVs  
and a brand whose heritage is built on a unique philosophy and beliefs.

The brand has embarked on a new journey to set new standards for premium, flagship SUVs  
through the pursuit of innovation and skillful combination of classic style with refined modernity.

Mohave will be a proud companion for leaders of the current modern era.

To become a dependable partner, Mohave looked beyond the size of space to focus on adding meaningful value and delivering a high-quality ride experience. Mohave is a true companion for people with unwavering conviction and uncompromising values like you.

Taupe Gray interior (quilted Nappa leather) / Specifications may vary according to the trim, engine and options that are selected.

Aurora Black Pearl (ABP)

# A UNIQUE AND CREATIVE STYLE

The strong and stately presence of an authentic SUV and the powerful, elegant design create an ideal match. A bold and vertical cubical volume built on a solid foundation create Mohave's new identity.

Full LED headlamp & Vertical cube DRL

Dual twin-tip deco garnish

Vertical cube rear combination lamp

20" sputtering wheel

Visual chaos has been put to order while experiential richness has been amplified. The horizontal layout is reminiscent of an expansive horizon, while the dashboard, anchored by the display and filled with three-dimensional mood lamps, showcases the latest high-tech trends. Driving convenience is maximized.

# SIMPLE, LUXURIOUS TOUCHES

The moment that you sit on the seat, you will forget that you are in an SUV.  
Sophisticated details and elegance convey the feeling of a luxury sedan,  
surpassing all expectations and raising the bar for flagship SUVs.

Quilted Nappa leather seat

Oak wood grain garnish

3-dimensional pattern mood lamp

Lexicon premium sound system

# THE INTELLIGENCE

## WISDOM FROM EXPERIENCE

Mohave's strives to understand people vigorously because its pursuit of technology is centered around people. Mohave seeks technological innovations that can bring cars and humans closer together. It takes into account the human form and optimizes advanced technology by giving it a familiar feel so that it can be used easily to a wide extent.

### KIA Connect

Kia Connect is Kia's connected car service for wireless infotainment updates, smartphone-based remote vehicle control, and emergency alerts for a safer and more convenient vehicle usage experience.

- Remote control**  
Users can remotely control various functions in the vehicle using smartphone apps.
- Safety and security**  
Emergency assistance through the Kia Connect center in the event of an airbag deployment or roadside emergency (24/7, 365 days).
- Maintenance**  
Vehicle maintenance services such as breakdown diagnosis, driving information, and wireless infotainment updates.
- Navigation**  
Optimal route guidance using real-time traffic information.
- streaming service**  
Stream music inside the vehicle without the need of a smart phone

※ Complimentary 5-year basic service and additional 5-year light service (SOS emergency dispatch, automatic notification of airbag deployment, monthly reports, traffic information) are provided with the initial vehicle purchase.  
※ A link to a streaming service subscription is required to use Kia Connect's streaming service. ※ If your streaming service subscription only supports mobile devices, it will not be compatible with Kia Connect's streaming service.  
※ For more information, visit Kia Connect's customer service center in Kakao Talk (search for "기아커넥트" through the Kakao Talk search window and befriend). ※ The features/range of Kia Connect remote control may vary depending on trims and options.

# STIMULATING THE 5 SENSES

Cutting-edge technologies that have been thoughtfully applied can be seen as soon as one sits in a Mohave. From new mobility applications that can be accessed through advanced connectivity to the ideal combination of human sensibility with advanced technology, Mohave provides a superlative, convenient and comfortable driving experience.

### 12.3" navigation

A 12.3" wide display enables the driver to see navigation maps and diverse vehicle information simultaneously, while offering access to Kia Connect's advanced, connected car services, such as remote control, safety, and security services.  
※ Complimentary 5-year basic service and additional 5-year light service (SOS emergency dispatch, automatic notification of airbag deployment, monthly reports, traffic information).

### Car-to-home service

#### Wireless infotainment update

#### Server-based voice recognition (Kakao i)

### Head-up Display (HUD)

Diverse driving information is projected directly onto the windshield using vivid graphics to help drivers keep their eyes on the road and promote safe driving.

#### Supervision cluster (12.3" full TFT LCD cluster)

### Air purification mode \*

A high performance air conditioner filter and cluster ionizer remove micro dust and deodorize the air.

### Driver's seat automatic comfort control system \*

External and internal temperatures, as well as air conditioning settings, are analyzed to automatically control the heating and cooling of the seats and the steering wheel for a more pleasant and comfortable drive.

# REINTERPRETATION OF SPACE

Mohave has taken a new approach to create the interior space of flagship SUVs. It abandoned the customary practice of defining space by size and numerical values and reconstructed it based on unique the sensibilities that it can create, giving users the opportunity to discover their own "querencia."

## Smart power tailgate system and high capacity luggage space

The tailgate can be opened and closed by pressing a button located next to the driver's seat or the tailgate. The tailgate's opening height and speed can also be adjusted, while folding seats allow the efficient storage of diverse items, including leisure equipment.

Terracotta Brown interior (quilted Nappa leather / 6-seater)

Seat variations (6-seater)

Smart one-touch walk-in (independent 2<sup>nd</sup> row seats) \*

Pressing the walk-in button located at the top and bottom of 2<sup>nd</sup> row seats prompts the 2<sup>nd</sup> row seats to move forward and the back to fold, facilitating loading and unloading of 3<sup>rd</sup> row passengers.

Smart one-touch folding (independent 2<sup>nd</sup> row seats) \*

An electronic folding switch located on the side of the luggage compartment facilitates the loading of diverse items into the car.

# THE SUPERIORITY

## GENUINE SUPERIORITY

Mohave has always aimed at staying a step ahead when it comes to functions and performance because it knows that this is critical to satisfy the needs of discerning customers. The result is a masterpiece that can be powerful, agile, or relentless when needed, and mitigate dangers at all times. It exceeds expectations in every situation to fulfill all the requirements of a flagship car.

# SINGULAR PERFORMANCE

Delivers a remarkable, powerful driving performance on and off the road with a 3.0 V6 diesel engine, frame body, electronic 4WD, terrain mode, and R-MDPS.

**01 3.0 diesel engine**

**257** Max. power  
ps  
3,800 rpm

**57.1** Max. torque  
kgf·m  
1,500~3,000 rpm

**02 Rack Driven Electric Power Steering (R-MDPS)**

The driver's steering is directly transmitted to an electric motor connected to the steering rack with a belt for a quick steering response and stable driving performance.

**03 Active sound design**

Engine sounds are combined with sounds emitted from the speakers to produce solid and powerful engine sounds that correspond to the power output and traits of the driving mode that has been selected (SPORT, COMFORT).

**Terrain mode select \***

Choose between SNOW-MUD-SAND modes according to road characteristics to optimize vehicle control and ensure a stable drive.

**04 Drive mode select**

Drivers can choose between COMFORT-ECO-SPORT modes to enjoy a drive that suits their preference or driving conditions.

**05 Electronic 4WD system**

Power is distributed between the front and rear wheels according to the road surface and driving conditions to enhance driving performance.

Specifications may differ according to the model, trim, engine and options that are chosen. / \*A virtual image has been used to help viewers' understanding.

**Frame body\***

A robust frame body made using hydroforming<sup>01</sup> technology complements the powerful 3.0 V6 diesel engine to maintain stability in a wide range of road conditions and driving circumstances and deliver a top quality ride.

<sup>01</sup> Hydroforming: a method for shaping metals using fluid pressure that can increase a frame's rigidity by minimizing welded areas.

**Suspension\***

Double wishbone and multi-link (5-link) suspension, which are mainly used in premium sedans and SUVs, offer comfort and dynamism that result in a powerful yet luxuriously stable ride.

**9-airbag system\***

Front seats are equipped with advanced airbags that regulate the degree and timing of deployment according to position and weight of occupants as well as the force of collision. The 9-airbag system includes a driver's knee airbag, front and rear side airbags, and curtain airbags with rollover sensors to minimize injuries.

# OPTIMAL CARE DESIGNED FOR YOU

Sophisticated, advanced driver assistance systems have been developed and carefully tested under diverse driving conditions for your safety and comfort. Radars and cameras make optimum decisions to automatically control the vehicle's movement and help prevent dangerous situations.

**Smart Cruise Control**  
Helps to maintain distance from the vehicle ahead and to travel at a speed selected by the driver. Grasps the driver's driving style through machine learning and mimics the driver's driving patterns.

**Navigation-based Smart Cruise Control (for safety zones, curves, and entrance/exits on expressways and highways)**  
Helps to maintain distance from the vehicle ahead and to travel at a speed selected by the driver while cruising on expressways and highways. Reduces speed before entering a safety zone, curve, or entrance/exit and resumes acceleration to the preset speed thereafter.

**Highway Driving Assist 2**  
Helps to maintain distance from the vehicle ahead, to travel at regulated speeds or a speed selected by the driver, and to keep the center of the lane while driving on expressways and highways. Automatically changes lanes when the turn signal is activated.

**Forward Collision-avoidance Assist (cross traffic) \***

Alerts the driver about the risk of a forward collision with a car, pedestrian, cyclist, etc. and applies the brakes automatically if the risk continues to increase. Automatically helps to brake the car when there is a risk of colliding with a vehicle approaching from the left or right in an intersection.

**Blind-spot Collision-avoidance Assist**

The front camera tracks the lane and the rear radar monitors the back to prevent collisions while changing lanes. Brakes are automatically applied when the system detects a risk of colliding with a vehicle in the back or in adjacent lanes, mitigating accidents and reducing damage.

**Lane Following Assist**

Lanes are tracked in real time using the front-view camera to help steer the car to the center of the lane. This cutting-edge system reinforces safety and convenience while driving long distances or on a congested road.

**Rear Cross-traffic Collision-avoidance Assist**

Warns the driver if a car is approaching from the side in the back while pulling out or moving slowly in reverse and applies the brakes automatically if it foresees a risk of collision to prevent an accident.

# DIFFERENTIATED PREMIUM GRAVITY

Reinforced black exterior features catch the eye and titillate the senses to convey a greater sense of refined luxury.

Exclusive gravity radiator grille and 20" black alloy wheels

**Alcantara interior**  
Main components, such as the steering wheel and the console armrest, are covered with Alcantara, providing a soft touch that conveys luxury and comfort.

Steering wheel

Center console armrest

Door armrest and center trim

**Front door ambient lights and black wood grain**  
Refined black wood grain and 64-color ambient lighting complete an elegant space.

Specifications may differ according to the model, trim, engine and options that are chosen.

## Interior Colors

Black interior (quilted Nappa leather/genuine leather)

Terracotta Brown interior (quilted Nappa leather/genuine leather)

Taupe Gray interior (quilted Nappa leather/genuine leather)

## Exterior Colors
