

Dynamic intelligence

CADENZA

The Power to Surprise

DYNAMIC INTELLIGENCE

CADENZA

Brace yourself for a completely unexpected level of aesthetic beauty, refined performance and technological prowess. Cadenza has been reengineered with the aim of creating the perfect blend of dynamic styling, blissful luxury and high-tech features. It's a stunning premium sedan that is sure to mesmerize both your mind and your senses.

A MASTERPIECE OF ARTISTIC EXPRESSION

From the rear, Cadenza makes a bold statement with its harmonious balance of modern curves and futuristic design cues. Understated chrome accents add a splash of sophistication while the raised lip of the trunk lid radiates an aura of sporty performance.

AN ASSERTIVE ON-ROAD PRESENCE

Striking hood character lines and a fresh interpretation of Kia's signature radiator grille are accentuated by a sleeker overall front silhouette. Such extensive restyling has resulted in a confident, dynamic stance that gives Cadenza the impression of pure speed amidst a world caught in time.

THE PINNACLE OF PRECISE PROPORTIONS

Gorgeously flowing side character lines and perfectly balanced proportions give the image of a much larger vehicle while high-tech styling treatments such as eye-catching chrome side sill moldings complete Cadenza's dramatic yet refined side view.

A DAZZLING LOOK INTO THE FUTURE

Uniquely designed front and rear lamps with futuristic flair are not only focal points of Cadenza's innovative exterior styling but are also highly functional thanks to the application of projection-type high beams and indirect illumination LEDs.

ULTRAMODERN TRANQUILITY

Step inside Cadenza and experience for yourself the perfect harmony between luxurious elegance and state-of-the-art ergonomic functionality. Open up your senses to a new world of discreet stimulation and treat yourself to an unparalleled driving environment.

TAKING TECHNOLOGY TO THE LIMITS

Radio + CDP + MP3

In addition to superior sound quality, Cadenza's audio system features maximum ease of operation along with CD and MP3 playback capability.

Auto Light Control Enjoy fingertip operation of the headlamps, high beam, front and turn signal, while the auto function means you longer need to worry about forgetting to turn your headlamps on or off.

AUX, USB and iPod® Enjoy virtually any portable music source in your Cadenza thanks to built-in audio streaming, AUX, USB and iPod® connectivity.

Infinity Sound System The 12-channel, 12-speaker premium sound system from Infinity features an external amplifier for stunning, concert hall-quality audio reproduction.

7" TFT-LCD Supervision Cluster

Using Thin Film Transistor (TFT) technology, the large, high-definition full-color display features precise graphics and delivers a wide range of useful driving information with remarkable clarity.

OPULENCE COMES AS STANDARD

Cadenza's plush, upscale interior cabin offers the ultimate in ride comfort while painstaking attention to detail in every nook and cranny is befitting of much more expensive European luxury sedans.

UNCOMPROMISED RELAXATION

We at Kia know that premium sedan buyers place comfort and convenience at the top of their checklists when searching for the perfect car. That's why we've loaded Cadenza with numerous features and amenities like a stylish panoramic sunroof that not only creates a bright and airy environment for occupants but also accentuates Cadenza's sporty, high-tech exterior styling.

Ventilated Seats Cool air is channeled and discharged through both the driver and front passenger seats via inner-mounted air ducts to prevent perspiration in hot weather conditions.

IMS (Integrated Memory System) A smart memory function remembers your preferred driving position and automatically adjusts the 8-way power driver seat, steering wheel and outside mirrors.

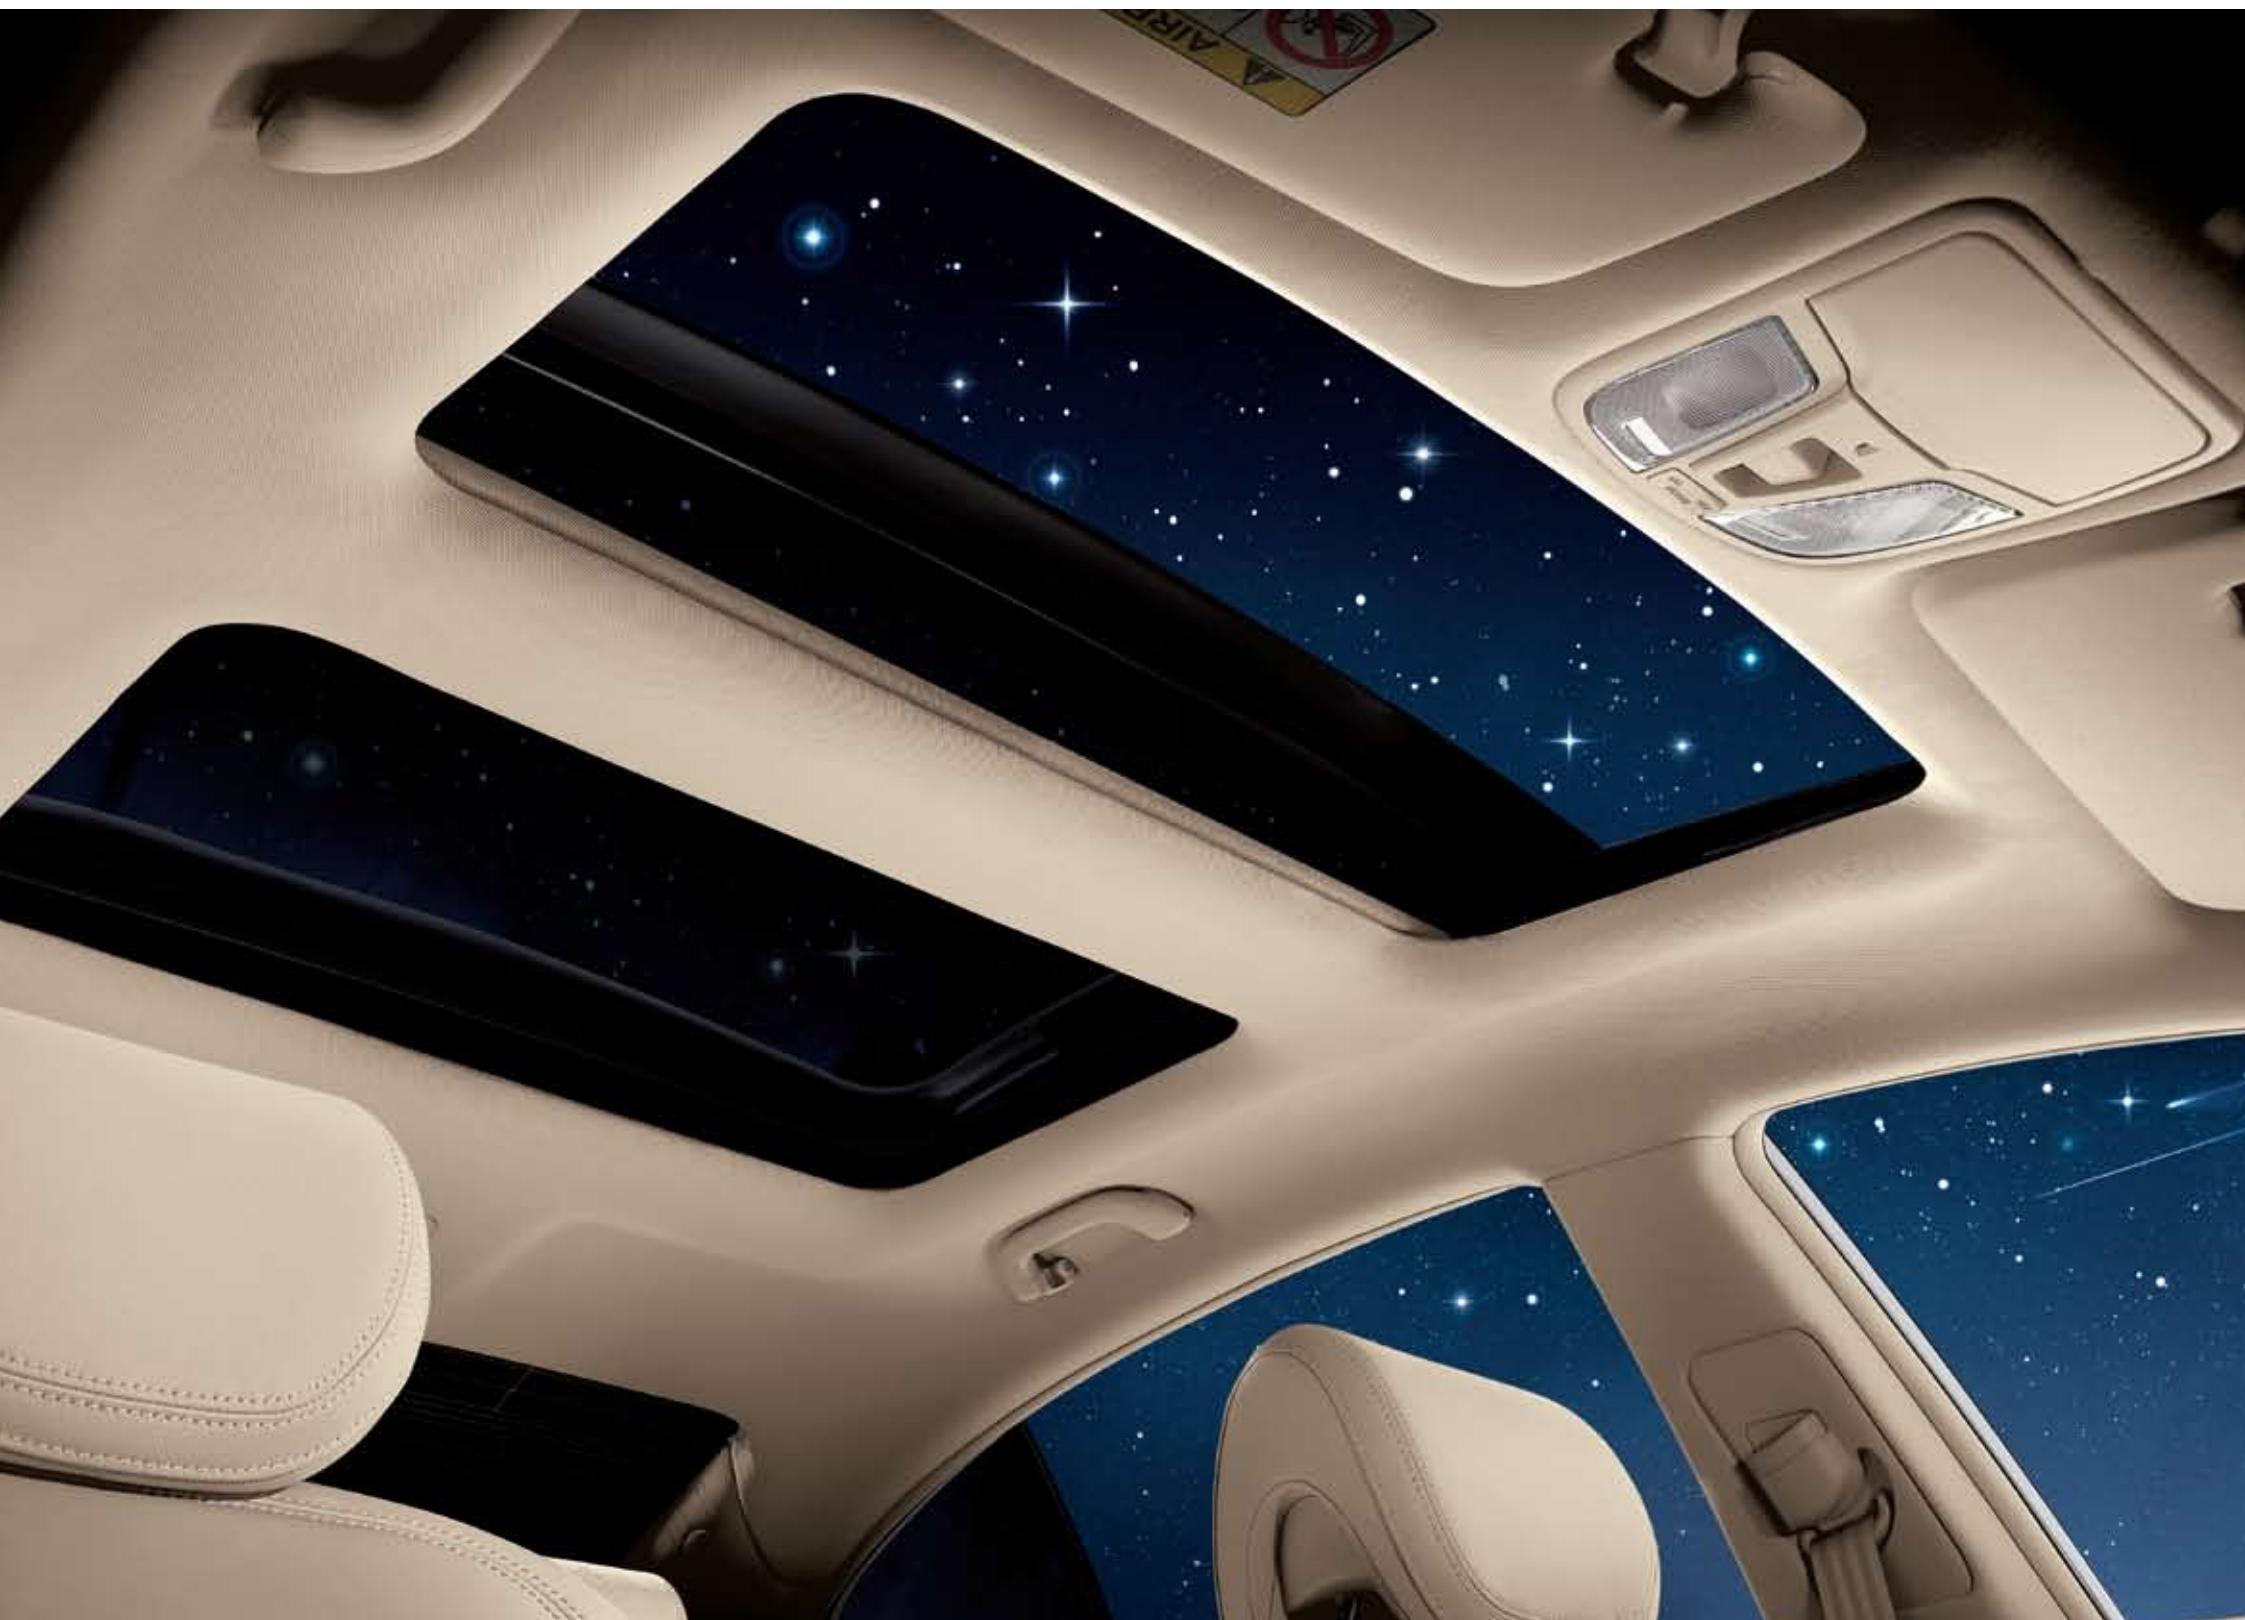

Overhead Lighting Console Running longitudinally down the center of the cabin ceiling, Cadenza's unique overhead lighting system is comprised of a large LED mood lamp and twin reading lamps at each end to give the interior an aura of understated elegance.

Rear Armrest with Remote Control

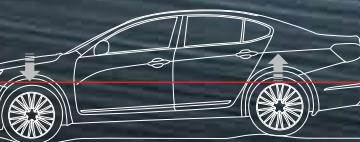

Folding down between the rear seats for added passenger comfort, the rear armrest also features a dial-type remote knob that controls the audio system and climate control system.

ENGINEERED FOR PURE DRIVING ENTHUSIASTS

Exhilarating performance and world-class safety go hand in hand thanks to state-of-the-art technical advancements that combine to deliver dynamic yet refined driving characteristics along with true peace of mind in any driving scenario.

Amplitude Selective Damper (ASD) Thanks to a separate piston structure that soaks up high frequency, low-amplitude shocks from the road surface, ASD shock absorbers result in ultimate ride comfort and contribute to improved handling and driver feedback.

ALWAYS ONE STEP AHEAD OF YOU

Intelligent state-of-the-art safety systems based on advanced radar and sensor technology help prevent accidents by warning and assisting you in precarious driving situations.

Blind Spot Detection

Radar on both sides of the rear bumper search for vehicles that enter the Kia Cadenza' blind spot.

Front and Rear Parking Assist System

Ultrasonic sensors integrated into the front and rear bumpers warn of any obstacles when maneuvering into tight spaces to make parking both safe and hassle-free.

Advanced Smart Cruise Control

A radar sensor at the front of the car monitors the gap between the vehicle ahead. The system automatically applies the brakes to maintain a pre-determined 'safe' distance and will even bring the vehicle to a complete stop, if necessary.

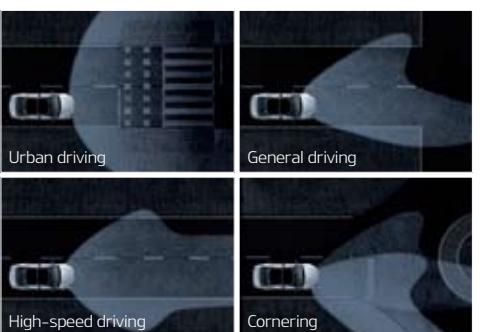

Xenon Headlamps with AFLS (Adaptive Front Lighting System)

For optimal visibility when driving at night, AFLS (Adaptive Front Lighting System) works in conjunction with the HID (High Intensity Discharge) headlights to deliver a continuously varying beam pattern depending on vehicle speed and steering angle.

TECHNOLOGY FOR AN EFFORTLESS DRIVE

Cadenza is generously equipped with innovative technologies that go above and beyond, including features that provide an added element of driving convenience to your journey. So whether you are in the mood to be fully engaged in the pure thrill of driving or prefer to safely relinquish a certain amount of control to the vehicle's smart technology, Cadenza has it all.

Paddle Shifters

Conveniently located on the steering wheel, sporty paddle shifters bring an exciting new dimension to driving thanks to lightning-quick gear shifts that maximize your engagement with the vehicle's performance.

Remote Control

Take control of the audio system and auto cruise control with just your thumbs to minimize distractions while driving.

POWER AND PERFORMANCE TO THRILL

Cadenza's technical innovations do not just run skin deep. Underpinning its stylish exterior and interior design is a robust, advanced powertrain that ensures outstanding durability and dynamic performance under any driving condition.

Push Button Start / Stop Even before you start the engine, Cadenza's sporty overtones are clear. A simple push of a button is all it takes to turn the ignition on or off.

Organ-type Accelerator Pedal Cadenza's accelerator pedal moves along the same natural plane as your foot for more comfortable operation, especially on extended journeys.

6-speed Automatic Transmission Next generation Kia technologies reduce the number of individual parts, which in turn lowers overall transmission weight, resulting in enhanced durability while providing superb performance and fuel economy.

Displacement (cc)	3,470
Max. Torque (kg·m/rpm)	34.5/5,000
Max. Power (ps/rpm)	290/6,600

Lambda II 3.5-liter Gasoline Engine

Cadenza's powerful engine is a fuel efficient, lightweight unit generating a maximum 290 ps at 6,600 rpm. Composed of an aluminum cylinder block, it features a dual continuously variable valve timing system to maximize efficiency and a silent timing chain system to minimize noise.

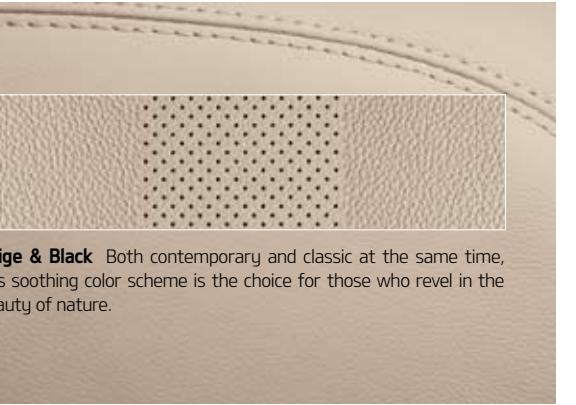

A BOLD STATEMENT OF SOPHISITICATION

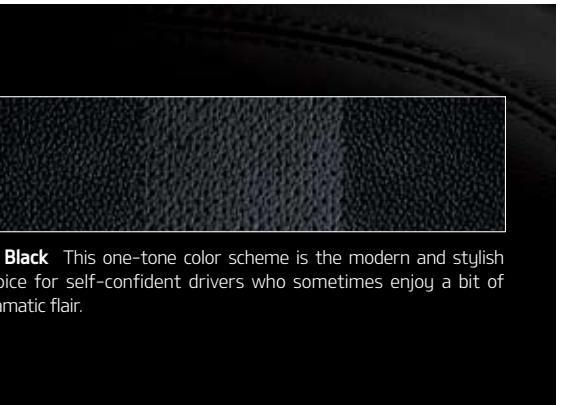

A premium sedan of this caliber is meant to satisfy your every desire. With thoroughly modern styling and innovative features, coupled with all of the luxurious touches found in today's most expensive European luxury cars, you'll take pride in knowing that Cadenza stands toe-to-toe with the very best.

INTERIOR COLOR SCHEMES

Top-quality materials, including supple pure leather seat coverings, can be found throughout the Cadenza's interior while a choice of premium packages offers plenty of special extras.

Beige & Black Both contemporary and classic at the same time, this soothing color scheme is the choice for those who revel in the beauty of nature.

All Black This one-tone color scheme is the modern and stylish choice for self-confident drivers who sometimes enjoy a bit of dramatic flair.

HIGH-TECH PACKAGE

- Pure leather seats
- Smart key and button start
- Outside door handle pocket lights
- Electronic steering column lock
- Electric folding outside mirror with LED turn signal and puddle lamps
- Rear parking assist system

WHITE SPECIAL PACKAGE

- High-tech Package features plus:
- White Nappa leather seats
 - Wood grain window switch panel
 - Chamude suede headliner and pillar trim
 - Black high-gloss trim

Exceptional convenience and comfort are the trademarks of a true class-leader, and Cadenza is packed with features that ensure you and your passengers take delight in every journey.

8-way Driver & 4-way Front Passenger Power Seat Electrically adjustable powered front seats offer maximum flexibility for finding the most comfortable seating position.

Rear Seat Warmers Back seat passengers can also stay warm and cozy on frigid winter days thanks to 3-step heated seats that rapidly activate with a touch of a button.

Driver Seat Knee Extension Designed for long-legged drivers, the bottom cushion of the driver's seat can be extended forward at the push of a button for optimal driving comfort.

Power Rear Sunshade A convenient one-touch mechanism lowers or raises the automatic rear glass curtain for better privacy while helping keep the cabin cool on hot summer days.

Illuminated Glove Box Cadenza's large, lockable glove box is fitted with a convenient light to make it easier to find stored away items at night.

Heated Steering Wheel Providing reassuring comfort during cold weather, the steering wheel heats up rapidly at the simple touch of a button.

Rain Sensors Located behind the rear view mirror, intelligent sensors automatically activate the wipers when rain drops are detected on the windshield.

Auto Defog System Sensors detect any condensation that forms on the inside of the front windshield and automatically turn on the defogger for maximum visibility and safety.

Full-Auto Climate Control Featuring dual-zone temperature control, the climate control system is also equipped with a cluster monitor to ensure that air flowing into the cabin is clean and odor-free.

INTERIOR AMENITIES

SUPERLATIVE SAFETY

Electronic Parking Brake (EPB) This innovative feature enhances safety as you can now take the guesswork out of knowing whether the parking brake is properly engaged or not.

Safety Power Windows Electric windows stop automatically when they sense an obstruction such as a child's hand for optimum reassurance.

Rear View Camera Backing up and parking in tight spaces has never been easier. The center fascia monitor gives you a clear view of any obstructions behind your vehicle.

High-strength Body Structure The generous application of high-tensile steel results in a stiff yet lightweight structure that improves impact resistance, road performance and cabin noise levels. From any angle, Cadenza represents one of the most complete structural safety packages available.

Large Disc Brakes Optional 17" front hydraulic disc brakes coupled with electronic stability control and an anti-lock braking system ensure superior stopping performance in Emergency Situation.

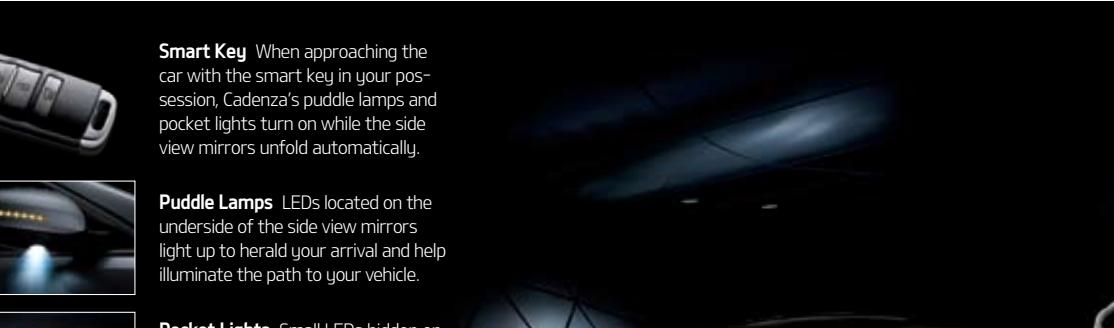

8-airbag System Dual front, twin front seat side and full-length curtain airbags, plus twin rear seat side airbags, provide an exceptional level of protection for all occupants while an intelligent airbag mechanism ensures deployment at an appropriate pressure to prevent excess injury.

CADENZA'S STYLISH DETAILS

Welcome System Like your closest friend, Cadenza warmly greets you every time you approach the vehicle by sensing the smart key in your possession and automatically turning on various lighting systems for an added touch of convenience and safety at night.

Smart Key When approaching the car with the smart key in your possession, Cadenza's puddle lamps and pocket lights turn on while the side view mirrors unfold automatically.

Puddle Lamps LEDs located on the underside of the side view mirrors light up to herald your arrival and help illuminate the path to your vehicle.

Pocket Lights Small LEDs hidden on the inside of the front door handles light up to provide hassle-free entry to your vehicle.

Fog Lamps Front fog lamps featuring unique chrome-ringed housing and optional LED bulbs accentuate Cadenza's sporty styling.

Chrome Outside Door Handles Stylish grip-type door handles finished in shiny chrome add sophistication to Cadenza's side view.

Luggage Compartment Spacious enough for all your travelling needs, the boot space can transport four large golf bags and is equipped with a luggage net and hook as well as a tool case for added convenience.

Radiator Grill This fresh interpretation of Kia's signature grill features a black mesh design with chrome-coated trim to create a striking front end design element.

Door Scuff Stainless steel scuff plates embossed with the Cadenza logo protect against wear and tear while also adding a sporty design touch.

WELCOMING YOU IN STYLE

BODY COLORS

There's a stylish Cadenza color to suit everyone's every desire. Choose from seven stunning metallic or pearl finishes.

Snow White Pearl
(SWP)

Bright Silver
(3D)

AS ECO-CONSCIOUS AS YOU ARE

ECO dynamics

So you value sustainable living? We do too. That's why we take pride in rising to meet the expectations and challenges of the 21st century while making tangible contributions to the preservation of the environment and sustainable development of society as a whole.

Kia Motors designated environmental management as one of the core objectives of our socially responsible management initiative launched in 2008 and has put the environment at the forefront of all our business activities. We aim to spearhead efforts to combat the global challenges of natural resource depletion and climate change.

In 2009, Kia launched the 'EcoDynamics' sub-brand, which is being applied to the most eco-friendly cars within each Kia model range as innovative fuel-stretching and emissions-cutting technologies such as hybrid, electric and hydrogen fuel cell powertrains are progressively introduced.

We are also building a clean production system, raising the resource recovery rate, designing vehicles with the disposal phase in mind, increasing energy efficiency, and adopting low-carbon fuels. Wherever possible, recycled and recyclable materials are being used in the production of every Kia. Even at the end of your car's life, one of our environmental targets is the eco-friendly return and treatment of end-of-life vehicles. Operating a rigid process, we guarantee environmental protection in the treatment of harmful waste substances. These are then recycled or recovered, ensuring the highest level of environmental protection.

In short, we are committed to finding fundamental solutions to cut energy consumption and combat climate change. As you see, what you do on a small scale with your household refuse, we at Kia Motors do on a large scale around the world.

The Power to Surprise

Kia is the newest and most exciting force of change in the automotive world and we are ready to change the way you feel and think about driving. More than just a promise, we are committed to making driving a true pleasure for customers across the globe. With youthful and dynamic styling and the latest in advanced technologies, Kia cars are turning heads the world over with the power to surprise. From the Picanto to the Mohave, Kia offers a full lineup of sedans, SUVs and MPVs that are not only practical and stylish but downright exhilarating to drive. Keep your eyes on Kia because our best has yet to come.

About Kia Motors Corporation

Kia Motors Corporation (www.kia.com) – a maker of quality vehicles for the young-at-heart – was founded in 1944 and is Korea's oldest manufacturer of motor vehicles. Over 2.7 million Kia vehicles a year are produced in 9 manufacturing and assembly operations in five countries which are then sold and serviced through a network of distributors and dealers covering around 150 countries. Kia today has over 47,000 employees worldwide and annual revenues of US\$42 billion. It is the major sponsor of the Australian Open and an official automotive partner of FIFA – the governing body of the FIFA World Cup™. Kia Motors Corporation's brand slogan – "The Power to Surprise" – represents the company's global commitment to surprise the world by providing exciting and inspiring experiences that go beyond expectations.
