About Kia Motors Corporation

Kia Motors Corporation (www.kia.com) -- a maker of quality vehicles for the young-at-heart -- was founded in 1944 and is Korea's oldest manufacturer of motor vehicles. As part of the Hyundai-Kia Automotive Group, Kia aims to become one of the world's premier automotive brands. Nearly 1.5 million vehicles a year are produced in 13 manufacturing and assembly operations in eight countries which are then sold and serviced through a network of distributors and dealers covering 172 countries. Kia today has over 40,000 employees worldwide and annual revenues of almost US\$15 billion. It is the major sponsor of the Australian Tennis Open and an official automotive partner of FIFA -- the governing body of the FIFA World Cup. Kia Motors Corporation's brand slogan -- "The Power to Surprise" -- represents the company's global commitment to surpassing customer expectations through continuous automotive innovation.

Connecting to the new dynamic world

CADENZA

The Power to Surprise™

Technology given dynamic shape

Take up-to-the-minute technology and blend it with luxury and style, and what emerges is the Kia Cadenza. A car that at once seduces and reassures with its innovative attention to detail, distinctive lines and dynamic presence. From the moment its bold, balanced profile captivates your eye to the point when you take the wheel and drive, consummate sophistication is delivered. A luxury sedan for the here and now, setting a benchmark for the future of driving enjoyment.

Design that assures, luxury that embraces

The cabin is the nerve centre of the driving experience, and the Cadenza's interior makes its mission known at first glance. Elegantly defined lines dovetail seamlessly and advanced technology comes to life through intuitively-operated controls. All of it working in harmony to provide a cohesive, inspiring and wholly enjoyable driving environment.

01. Supervision cluster with 3.5" colour TFT LCD: Driving data delivered with clarity, enhanced visibility and a luxurious feel.

02. Centre fascia: Purposeful and futuristic, with logically arranged switches and an integrated audio system.

03. Large overhead lighting console: Overhead lighting comprising LED map lamp, main interior light and LED room lamp set the mood.

Let the light shine in

Why shut out the skies when you can let them in? The all-glass panoramic sunroof of the Cadenza blends seamlessly with the car's sleek profile and lets light flood into the interior space. You and your family's journeys will be brightened with the kind of openness found only in a convertible.

01. Welcome light/smart key: Puddle and pocket lamps automatically light up when the car detects the smart key approaching.

02. Panoramic sunroof: Occupying three-quarters of the roof, just tilt and slide and you're away.

Remote keyless entry system: When the smart key unlock button is activated, the exterior lamps illuminate for 15 seconds and the interior lamps are turned on for 30 seconds.

Power harnessed in a safe package

Cadenza's power comes courtesy of a new Lambda II 3.5 litre engine, providing improved powertrain performance and durability to the tune of a maximum 290 ps at 6600 rpm. Reduced weight means enhanced performance and fuel economy, while front, side and curtain airbags offer all around protection for both driver and passengers.

01. Lambda II 3.5L gasoline engine: Top performance with fuel-efficiency is what's offered under the bonnet.

02. 6-speed automatic transmission: Next-generation Kia technology reduces the number of transmission parts and overall weight.

03. Push button start/stop: Convenience at its best. No need to turn the key, just push the button.

04. Front, side and curtain airbags: For maximum occupant protection.

05. Electrochromic mirror/rear view camera: While the rear-view mirror senses headlight glare and dims accordingly, a rear-view camera ensures all around vision.

06. Rear parking assist system: Ultrasonic sensors integrated into the rear bumper warn of any obstacles.

Navigation, with a soundtrack

The Cadenza's onboard navigation system displays maps using an array of advanced graphics, adding superb clarity to your route-finding. Wireless Bluetooth functionality allows hands-free calling, while the 6-speaker Infinity sound system offers a choice of three audio settings. Connecting external devices such as an iPod or MP3 player is a matter of simply plugging in, and USB connectivity also allows you to listen to your favorite tunes.

01. Navigation system: 6.5" touch screen with full-map navigation, DVD and Bluetooth hands free.

02. Premium sound system: 12 channel Infinity premium sound system.

Ventilated front seats: Air blown through the back and seat cushions keeps you cool.
