Exterior

Engineered to hold up. Designed to stand out.

The Kia Tasman applies the latest function-based pickup design language to the Kia family look. The tiger-face radiator grille is framed by bold, vertical lights, a strong front bumper, and a broad, high hood that hints at powerful machinery within. A confident side profile, with unique and practical geometric fender highlights, gives the vehicle a commanding stance.

Interior

Column-type electronic shift lever

Switch between Drive, Neutral, Reverse and Park with electronic shift lever controls conveniently located next to the ignition start-stop button.

Panoramic wide display

Enjoy a state-of-the-art infotainment system with the widest display in its class. It lets you access OTA updates to keep up with the latest features and improvements.

※ Kia Connect OTA feature availability may vary depending on the vehicle specifications/trim and region.

Dual wireless charging tray

Keep both your phone and your passenger's phone charged simultaneously using the built-in dual wireless charging tray.

Infotainment Controls

Attractively textured surfaces give the system's physical buttons precise sensory feedback.

Ambient Light

Ambient lighting around the door panels, crash pad, and center console creates an emotional space that you can tailor to your preferences.

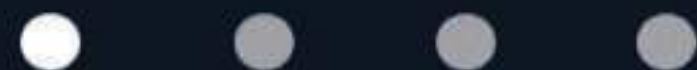

Interior

Crash pad storage

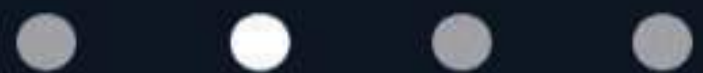

The passenger-side crash pad storage compartment provides convenient additional space.

Passenger walk-in switch

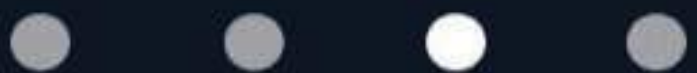

This switch lets the rear seat passenger move the front passenger seat forward to simplify getting in and out.

2nd-row cushion tip-up seat & storage

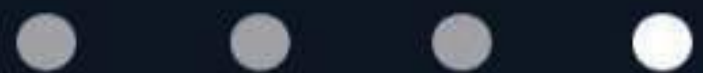

The seat cushion folds up, revealing a 29ℓ under-seat storage space for small cargo.

Second row slide & recline seats

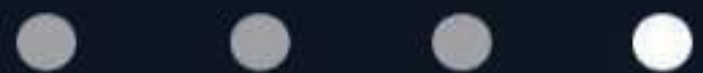

The Kia Tasman is more than a cargo vehicle — it's also a family car built for quality time. With class-leading 2nd row space and reclining seats, it offers a relaxing, comfortable ride for everyone.

Second row slide & recline seats

The Kia Tasman is more than a cargo vehicle — it's also a family car built for quality time. With class-leading 2nd row space and reclining seats, it offers a relaxing, comfortable ride for everyone.

Convenience

Console table

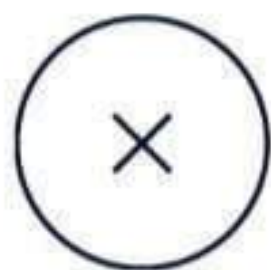

An expandable console table turns the Kia Tasman into a private mobile office. Unfold the upper part of the console armrest to create a wide table you can use for checking your laptop or documents—or enjoying a simple meal.

※ Do not place objects on the sliding table while driving. In the event of an accident, sudden stop or sharp turn, objects placed on the table may fall, increasing the risk of injury. If an object falls under the driver's feet, it may interfere with pedal operation.

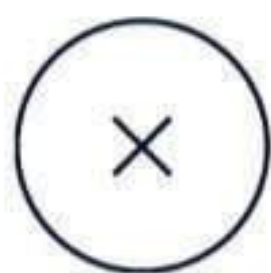

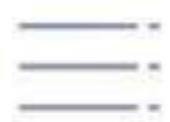

Convenience

LED lamps

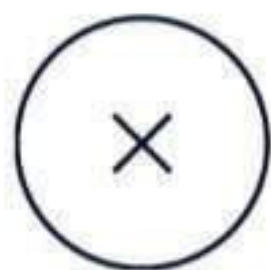

Power outlet

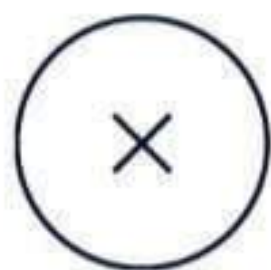

※ The 220V inverter cannot be used with electrical appliances that consume more power than 220V (200W).

Corner steps

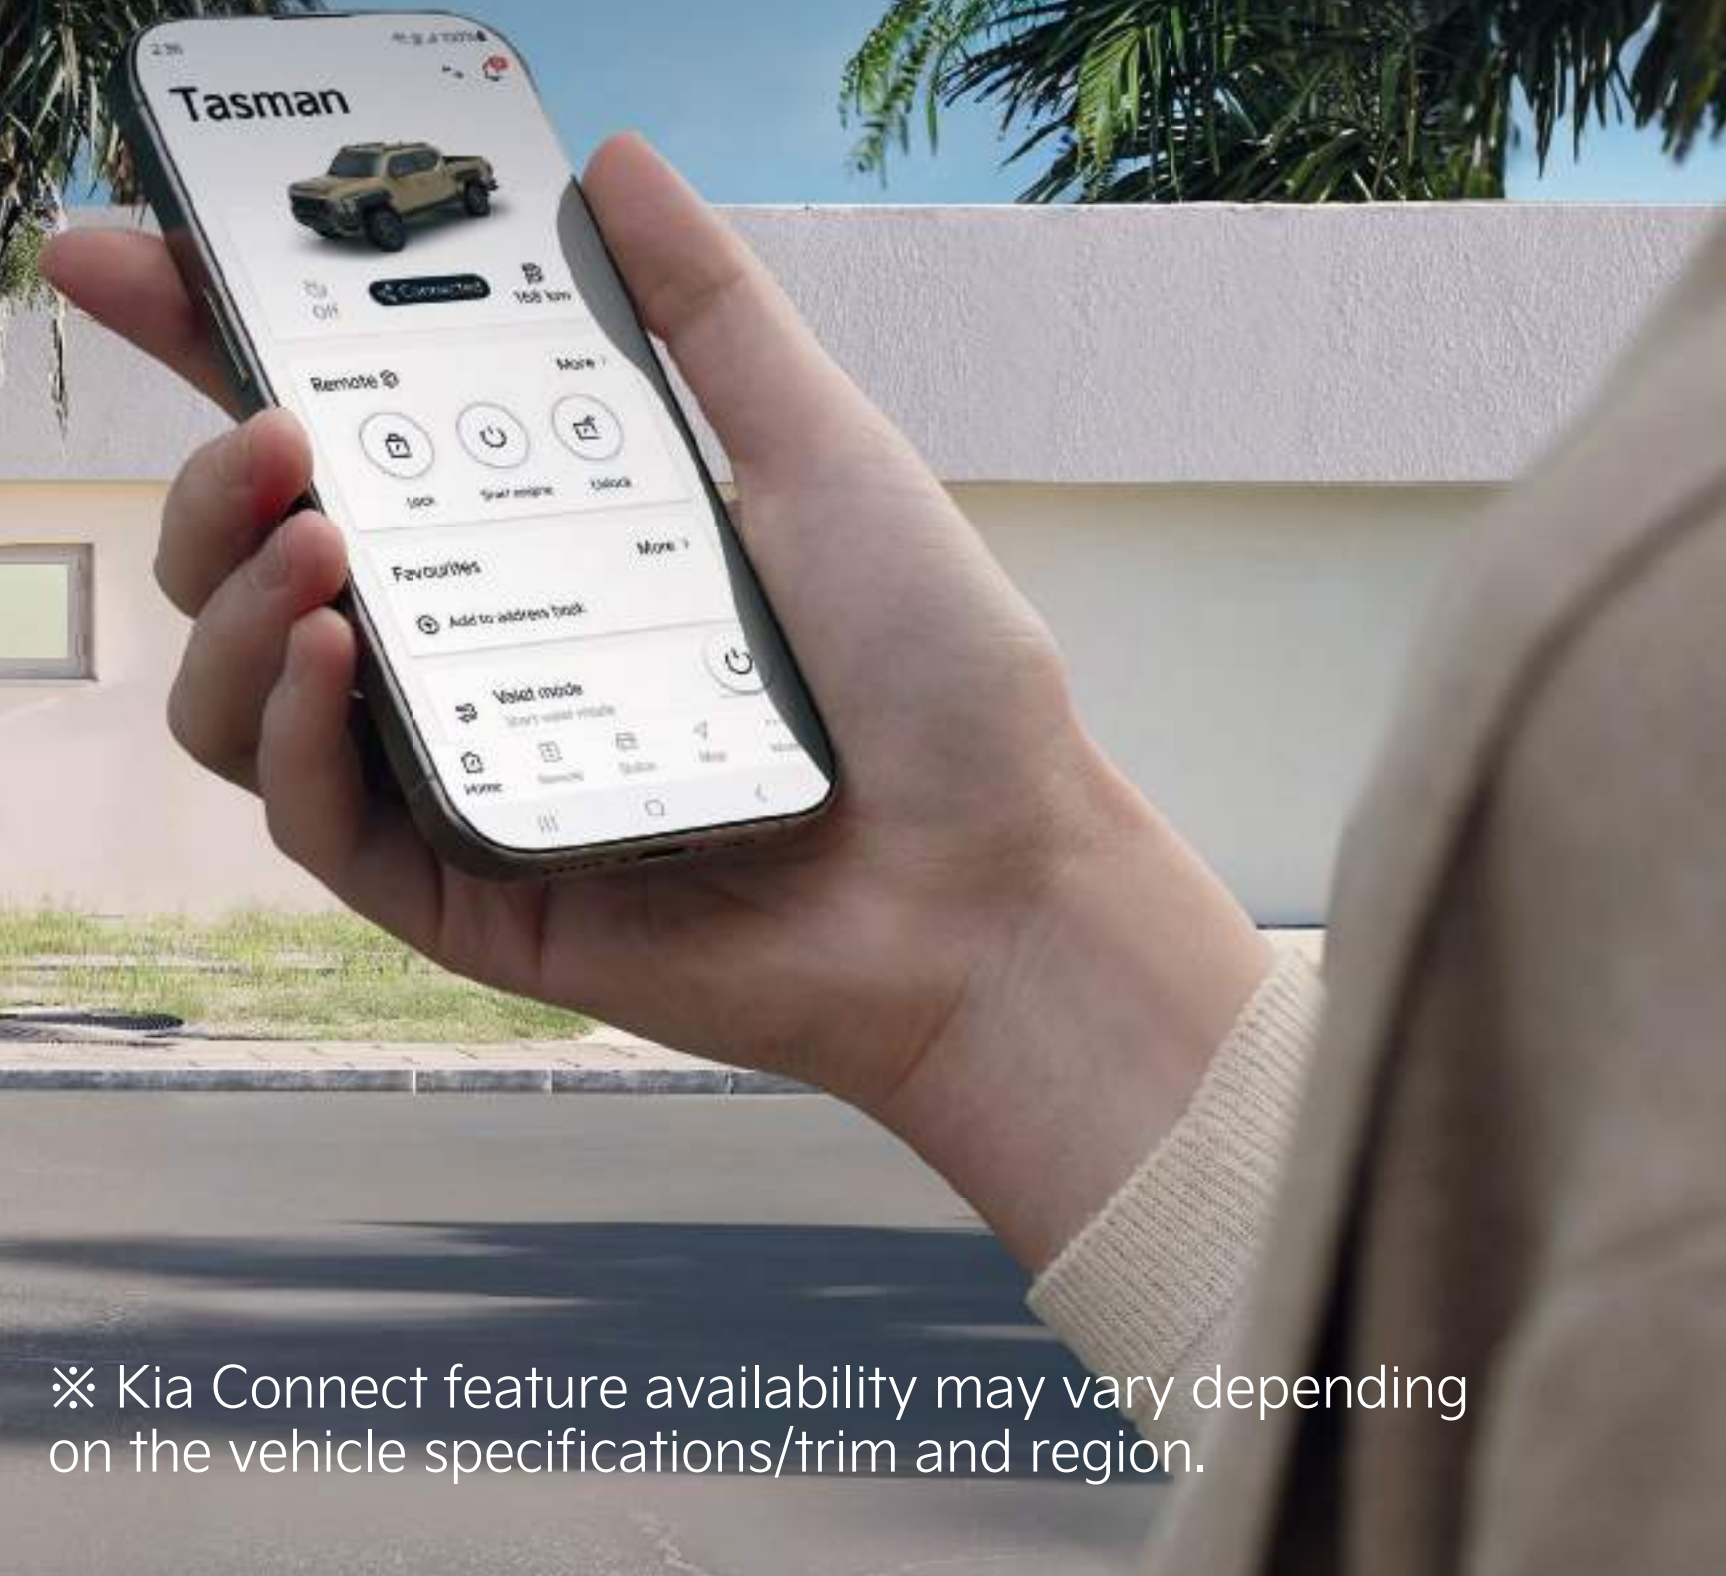

Side storage & table

Kia Connect

Stay connected to what matters. Kia Connect is your gateway to a smarter, more connected drive, seamlessly linking your Tasman to your phone.

※ Kia Connect feature availability may vary depending on the vehicle specifications/trim and region.

Remote Control

Lock or unlock doors, start the engine, and set the perfect temperature—all before you step inside the Tasman. With Kia Connect, control is always in your hands, right from your phone.

Remote Vehicle Management

Monitor your Tasman's status anytime, from anywhere. Kia Connect provides updates and maintenance alerts, so you're always ready for the road.

Over-the-Air (OTA) Update

With Over-the-Air (OTA) updates, your vehicle's software, navigation, and features stay current. Enjoy the latest features and performance improvements. Stay on track with updated routes and points of interest for a smoother journey - all without visiting the dealership.

Safety & Security

Stay protected with intelligent safety alerts and features, designed to keep you and your loved ones secure.

Digital Key 2.0

No keys needed. Your phone or smartwatch does it all. With Kia Digital Key 2.0, you can lock, unlock and start your Tasman using your mobile device. Share access easily with family and friends, and enjoy a smarter, more convenient driving experience.

Performance

Rugged. Powerful. Ingenious.

Built on a fully optimized body-on-frame platform, the Kia Tasman offers outstanding performance. A 277 hp 2.5-liter petrol engine is paired with a smooth-shifting eight-speed automatic transmission. With an impressive 421 Nm of peak torque, it accelerates from 0 to 100 km/h in just 8.5 seconds and reaches a top speed of 185 km/h with ease.

The Ground View Monitor shows a clear image of the ground right in front of the vehicle, ensuring a safer trip through challenging off-road conditions.

≡ Safety

Kia's advanced driver assistance systems enhance safety and convenience while driving, as well as while parking.

Forward Collision-Avoidance Assist 2

FCA 2 monitors the surroundings and automatically assists braking when the risk of collision increases with a vehicle, motorcyclist, pedestrian, or cyclist ahead; with an oncoming vehicle from the opposite side or from the left/right side at an intersection; or with a directly oncoming vehicle in the same lane. It also automatically assists steering when there is a risk of collision with an oncoming vehicle or a vehicle in the next lane while changing lanes, as well as with a vehicle or pedestrian on the edge of the lane.

Smart Cruise Control

SCC helps you drive at a preset speed while maintaining a safe distance from the vehicle ahead. It automatically brings the Tasman to a stop then proceeds again when the vehicle ahead accelerates. If the stop is extended, you may need to press the accelerator pedal. When activated, SCC drives automatically, reflecting the learned driving style. When inactive (Off/Standby), SCC makes note of your driving style (distance between vehicles, acceleration, and reaction speed). When equipped with the Emergency Stop function, the vehicle stops in the lane and emits a warning if the driver does not steer or look forward continuously.

※ Features may vary depending on the region or vehicle specifications. Please refer to the owner's manual for detailed information.

≡ Safety

Kia's advanced driver assistance systems enhance safety and convenience while driving, as well as while parking.

Lane Following Assist 2

LFA 2 helps center the vehicle in the lane. Steering control has been improved and a Hands-On Detection (HOD) sensor can determine whether the driver is holding the steering wheel for optimal system performance.

Remote Smart Parking Assist

RSPA lets you park in or exit a parking spot as you stand outside the vehicle. Using sensor technology, it automatically assists with steering, accelerating, decelerating and shifting, while also automatically braking if it senses an obstacle.

※ Features may vary depending on the region or vehicle specifications. Please refer to the owner's manual for detailed information.

Safety

Kia's advanced driver assistance systems enhance safety and convenience while driving, as well as while parking.

Surround View Monitor

SVM displays a variety of views of the situation around the vehicle for safe parking.

Blind-Spot View Monitor

BVM displays the rear-side image of the corresponding direction when the turn signal switch is engaged.

※ Features may vary depending on the region or vehicle specifications. Please refer to the owner's manual for detailed information.

Prepare to enter a new dimension of possibility.
Tasman opens up unexplored pathways for the pickup truck.

The Kia TASMAN.

Movement that inspires

We believe movement inspires ideas. Great ideas come to you when you're on the move. That is why we at Kia create the space for you to get inspired and more time to bring your ideas to life.

All information, illustrations and specifications are accurate at the time of printing and are subject to change without notice.

The models and specifications shown in this catalogue may vary from those available in your market.

Contact your local Kia dealer for current information and full warranty details including terms and conditions.
