1. Introduction

We have fully developed phase II. of Genuine parts online pages after last year's phase I. of the general introduction page for Air Filter, Brake Pad, Cabin Air Filter, Fuel Filter, Oil Filter and Timing Belt. Phase II. focus on the comparisons to new genuine parts vs. previously used parts showing visual content such as full comparisons pictures with video clips. Phase II. is now link to separate Web Page link so that coding html is now less necessary except create your own menu bar called "Genuine Parts Comparisons" to access the link.

By clicking your created menu –"Genuine Parts Comparisons", it will open the window for you to phase II. Pages

Steps : What you need to do.

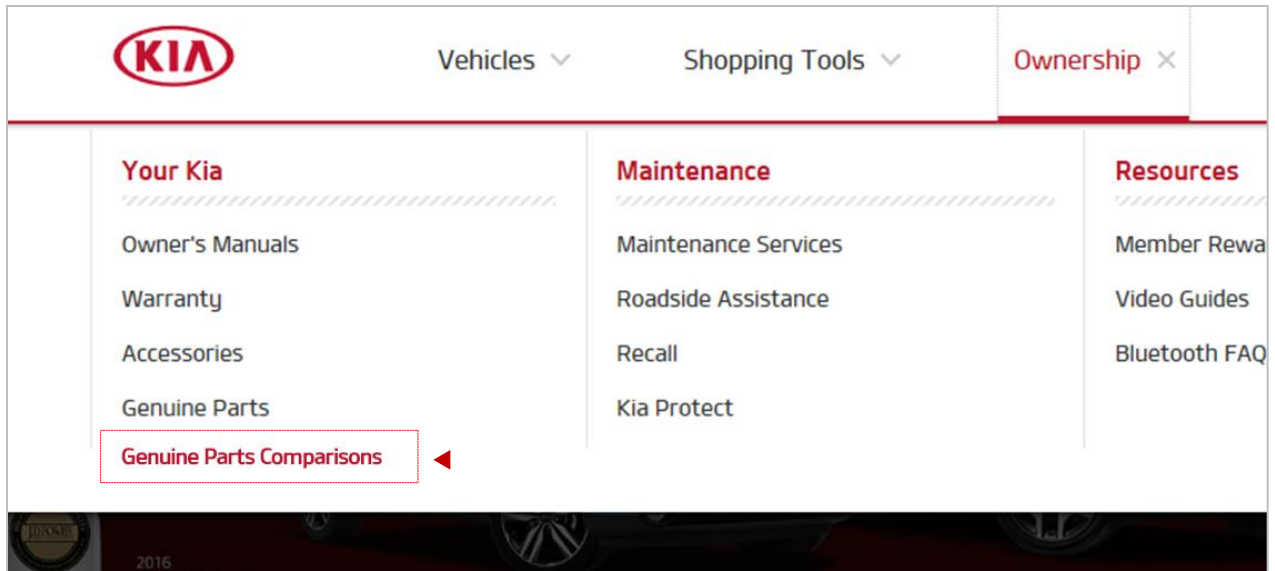

- 1) Please Create menu called "Genuine Parts Comparisons" page for Phase II.
- 2) Please connect URL " <http://m-genuineparts.com/kia> " HTML tag link to your "Genuine Parts Comparisons"
- 3) Please update and finish

- ▲ by clicking : Genuine Parts Comparisons button– KIA GENUINE PARTS Phase II. opens.

2. Setting / Guideline

1) Create menu in the main page

1. Sample : under **Ownership** or a section you wish to be placed
i.e.: [Your Kia] – [Accessories] [Genuine Parts][**Genuine Parts Comparisons**]

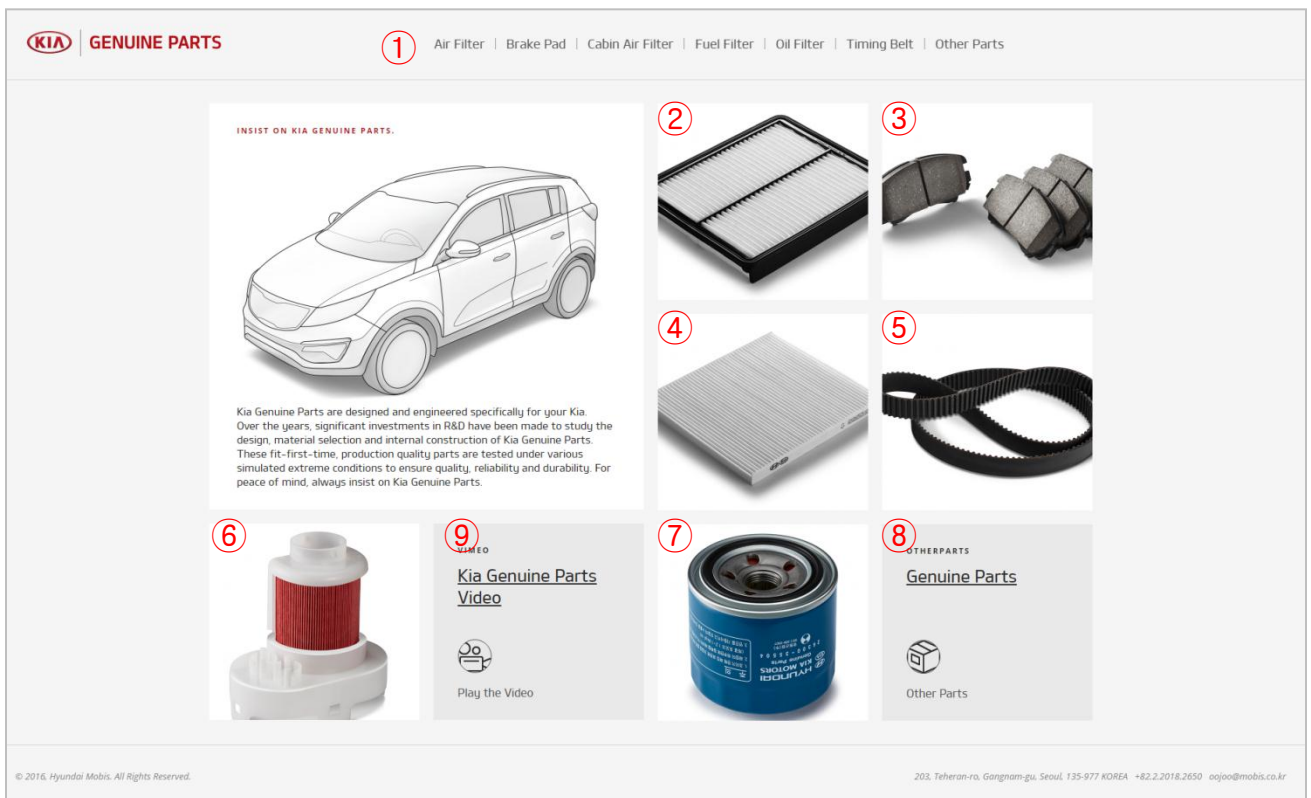

1. Click menu called [Genuine Parts Comparisons]

2. Put URL link to [Genuine Parts Comparisons]

```
<a href="http://m-genuineparts.com/kia/" target="_blank">< file path & name ></a>
```

```
ex) <a href="http://m-genuineparts.com/kia/" target="_blank">  
< ../image/GenuinePartsComparisons.jpg></a>
```

3. Genuine Parts Phase II. Web Page Layout
