

The Power to Surprise

Kia is the newest and most exciting force of change in the automotive world and we are ready to change the way you feel and think about driving. More than just a promise, we are committed to making driving a true pleasure for customers across the globe. With youthful and dynamic styling and the latest in advanced technologies, Kia cars are turning heads the world over with the power to surprise. From the Cerato to the Stinger, Kia offers a full lineup of sedans and SUVs that are not only practical and stylish but downright exhilarating to drive. Keep your eyes on Kia because our best has yet to come.

About Kia Motors Corporation

Kia Motors Corporation (www.kia.com) – a maker of quality vehicles for the young-at-heart – was founded in 1944 and is Korea's oldest manufacturer of motor vehicles. Over 2.7 million Kia vehicles a year are produced at 14 manufacturing and assembly operations in five countries which are then sold and serviced through a network of distributors and dealers covering around 180 countries. Kia today has over 51,000 employees worldwide and an annual revenue of nearly US\$47 billion. It is the major sponsor of the Australian Open and an official automotive partner of FIFA – the governing body of the FIFA World Cup™. Kia Motors Corporation's brand slogan – "The Power to Surprise" – represents the company's global commitment to surprise the world by providing exciting and inspiring experiences that go beyond expectations.

SORENTO

The Power to Surprise

CYCLE & CARRIAGE

Exceptional Journeys

— An adventurer that's equally at home in the modern cityscape

The Kia Sorento presents the stylish good looks of an SUV with the space and comfort of an MPV. Along with its enhanced smart features, the car gives you simply no reason to compromise.

Life turns a corner and confidence arrives on cue

With a more commanding presence and enhanced smart features, the Kia Sorento stands out among today's SUVs. It meets your need for space and taste for sophistication, delivering moments on the road you can savour.

Surround yourself with intelligent contours

The wraparound form of the Sorento cockpit engages you from the start, as you take in the sculpted door garnishes that flow organically into the front safety mouldings. Functional elements such as the side air vent controls and the lower controls of the centre fascia offer useful engagement.

Interior images used are for illustration purposes only.
Interior is only available in black.

Inspired, relaxed, and firmly in control

With its fine craftsmanship, simple yet appealing instrumentation and powerful, targeted ventilation, the roomy Sorento interior is a refuge of sophistication and calmness when life gets busy.

**7-inch touchscreen
infotainment system**
The 7" TFT-LCD touchscreen display
offers Apple CarPlay connectivity.

7" TFT-LCD supervision cluster
A high-visibility display in the centre gauge
reports outside temperature, audio information,
distance to empty, fuel consumption and
drive modes.

Satin-chrome finish
The inner door handles, air vent surrounds and other
interior design features of the Kia Sorento boast a
luxurious satin-chrome finish. The raised vents echo
the finish of the dials and their knurled control knobs
allow you to adjust airflow direction smoothly.

Simpler floor console design
The floor console design is less cluttered and more efficient
thanks to the adoption of an electronic parking brake and
the elimination of the manual handbrake lever.

Rear air ventilation and power supply
Rear passengers can adjust airflow with vents and controls
mounted at the back of the centre console. USB and 12V
outlets facilitate the charging of a variety of devices.

**Luxurious trappings to have
you feeling right at home**

The Sorento's interior offers a high standard of comfort and luxury with its finely-crafted seats, while a dual-pane panoramic sunroof adds a new dimension of sunny charm. The second-row seats fold automatically and slide 270 mm to let the rearmost occupants in and out, while the third row splits and folds 50:50.

Interior images used are for illustration purposes only.
Interior is only available in black.

Black interior

Ease of entry and exit The second-row seats fold automatically and slide 270 mm to let the the rearmost occupants in and out.

Heated and ventilated front seats Enjoy heated and ventilated front seats for comfort in all types of weather.

Driver's seat thigh extension To offer support and comfort for drivers with long legs, the cushion of the driver's seat can be extended up and forward at the push of a button on the seat base.

One-button adjustable headrest The first-row seats have headrests that offer up, down and sliding adjustments with the simple push of a button.

Third-row partially folded

Third-row folded fully flat

Third-row folded fully flat & second-row partially folded

7 seats for maximum flexibility Partial and full folding of the rear seat rows give the Sorento numerous seating and cargo combinations, forming a perfect balance of passenger comfort and practicality for the convenient loading of long or odd-shaped items.

Making the most of the space inside

A modern sport utility vehicle that is multi-functional, the Sorento transforms easily from a 7-seat people carrier to an adventure facilitator for travellers and their equipment. Maximum comfort and ease is key, regardless of the seat configuration.

A cargo hauler at heart

The Sorento is designed to offer true practicality when you need to load, stow and carry cargo, thanks to an interior that accommodates large and bulky items. A roof rack comes standard for items that cannot fit within the car, so you will never have to worry about having insufficient space.

Smart power tailgate

The rear tailgate opens automatically whenever your smart key is within its detection area for at least three seconds. A simple push of a button closes it.

Interior image used is for illustration purposes only.
Interior is only available in black.

Second-row seatback lever

Tailgate memory function Opening angles for the tailgate can be stored in the memory system by pressing and holding a button under the tailgate for three seconds.

Enhance your driving experience

With your driving experience as a priority, the Sorento offers features that help you take on the roads steadily with confidence.

Smart Parking Assist System (SPAS)

The system uses ultrasonic, side-mounted sensors to search for parking lots. The SPAS automatically steers the vehicle into place, for both parallel and perpendicular parking.

Auto Cruise Control (ACC)

For comfort and improved fuel economy, the cruise control system lets you set and maintain a speed above 40 km/h. If you accelerate, it will return to your set speed once you take your foot from the pedal. To turn off cruise control, turn the steering-wheel-mounted switch off, or simply tap the brake pedal.

The power you desire and the efficiency you respect

The diesel engine in the Sorento offers enjoyable mid- and low-range torque for a smooth yet powerful drive. Its superior fuel economy is aided by a precise 8-speed automatic transmission.

8-speed automatic transmission (diesel variants only)

An electronically controlled 8-speed automatic transmission provides smooth, seamless shifting and improved fuel efficiency. (Petrol variant comes with a 6-speed automatic transmission)

Drive Mode Select system

Normal, Eco, Sport or Smart modes to suit your driving preferences.

2.2 TCI diesel engine

Max. power
188ps @ 6,000rpm
Max. torque
241Nm @ 4,000rpm

Technology makes it all seem effortless

The road presents new challenges every day. The Kia Sorento is engineered to use its reflexes to keep you in control when tricky surfaces, inclines, twisting roads and unexpected incidents puts you to the test.

Hill-start Assist Control (HAC)

HAC prevents the vehicle from rolling backwards when at a standstill on an incline. Gently apply the brakes for up to two seconds while you move your foot from the brake pedal to the accelerator.

Vehicle Stability Management (VSM)

VSM enhances the directional stability of the vehicle by automatically controlling Motor-Driven Power Steering (MDPS) and brakes on each wheel, especially on wet, slippery or rough surfaces.

Rear sub-frame The Sorento features a sturdy rear sub-frame, further improving driving stability.

Upright rear shock-absorber A more vertically-oriented rear shock absorber system helps to control wheel travel on uneven ground and better isolates occupants from bumps.

We've given the unthinkable quite a bit of thought

Feel protected inside the Sorento cabin, where you are surrounded by a safety cage design fortified with ultra-high-tension steel and a 6-airbag SRS system. Thoroughly tested in countless crash simulations and actual collision tests, the Sorento puts occupant safety above all else.

53% AHSS* used

***Advanced High Strength Steel (AHSS)** The Sorento uses 53% Advanced High Strength Steel. This exceptional steel reinforces the front, rear and sides, as well as high stress points throughout the body.

Six airbags The Sorento offers driver, front passenger, two front-side and two side-curtain airbags to help protect occupants and potentially reduce injuries, in the event of a collision.

Experience precise control of every wheel

An innovative, continuously active AWD coupling system helps the Sorento GT Line maintain the utmost traction on rough, loose or slippery surfaces and helps improve lateral stability when cornering.

Dynamax AWD
True AWD. Continuously thinking forward.

Dynamax™ AWD Coupling The intelligent Dynamax All-Wheel-Drive (AWD) system, developed in conjunction with Magna Powertrain, continuously monitors driving conditions and anticipates AWD system requirements, sending torque to the wheels that have traction. The system also adds stability when cornering, helps eliminate unintended over- and under-steer by reducing unwanted traction forces at the front and rear axle, as well as reducing fuel consumption and emissions. (AWD is only available in Sorento GT Line.)

Let people know where you stand on performance

The Sorento's performance credentials are on vivid display with the GT Line package. Its high performance features complement the sport-oriented design with a luxurious edge.

Red Calipers

The Sorento GT Line features bright red brake calipers that are prominently visible between wheel spokes. They serve as attractive reminders of the braking performance that makes the Sorento GT Line reassuring to drive.

4-point LED Fog Lamps

Attractive arrays of high-tech LED fog lamps will help light your way through foggy roads. LEDs offer long-lasting sources of consistent, bright lighting.

The GT-Line is a package of sport appearance and performance options designed to accentuate the excitement of owning a Sorento.

Gear Shift Knob

Paddle Shifters

Seat Work-In System

Black Leather Upholstery

Paddle Shifters

Attractive chrome-finished paddle shifters match the other design elements around the cabin. You can change gears without taking your hands off the wheel and the texture of the paddles is a reminder of the refined GT Line controls.

Seat Work-In System

The Sorento GT Line includes a simple button to slide and recline the first passenger seat, and the driver can adjust it easily for the convenience of passengers in the second row.

Gear Shift Knob

In the Sorento GT Line, the push button and knob of the automatic transmission's gear selector lever comes in the same lush chrome finish as the other exclusive GT Line design details. The surface is soft and refined, offering a sensory treat every time you move the lever.

Black Leather Upholstery

Black leather with light grey stitches give the Sorento GT Line a rich, indulgent atmosphere and establish a sexy, dynamic harmony with the black trim of the rest of the interior. It's an elevated variation on the inviting, high-performance interiors found in many finer premium cars.

The GT-Line is a package of sport appearance and performance options designed to accentuate the excitement of owning a Sorento.

Enter a higher realm of driving satisfaction

With upgraded materials, fine craftsmanship and intriguing details, the GT Line transforms the Sorento interior into a driving environment that combines sport and luxury.

State-of-the-art convenience features for a more satisfying ride

The 7-seater SUV comes equipped with a multitude of advanced features made to enhance the driving experience.

Interior images used are for illustration purposes only. Interior is only available in black.

Panoramic sunroof The dual-pane panoramic sunroof lets you and your passengers enjoy fresh outdoor breezes as it creates an even more spacious interior ambience. A one-piece, motor-driven roller blind, as well as the absence of a centre head lining, provides an open feeling unrivalled by other sunroofs.

HMSL integrated rear spoiler
An attractively contoured rear spoiler helps to manage airflow over the rear of the vehicle and incorporates a High-Mounted Stop Lamp (HMSL).

Signature LED tail lamps
LED tail lamps and stop lamps are integrated into the tail lamp clusters. LEDs illuminate more quickly, last longer and are more energy efficient than conventional bulbs.

Exterior lamps outage indicator
When the circuit for an exterior lamp is broken, the cluster displays the position of the broken lamp for added convenience.

Dual-zone climate control
The dual climate control gives the driver and front passenger separate controls for temperature and fan speed.

Steering wheel audio remote control
Intuitively placed steering wheel-mounted controls let you adjust volume and change stations without taking your hands off the wheel.

Bluetooth Handsfree with voice recognition
Enables wireless connectivity between your Bluetooth-compatible devices and the vehicle sound system via the built-in microphone.

Cup holder
There are two large-sized cupholders at center of 1st and 2nd row seats. It allows for the safe and spill-free storage of bottles and cups to enhance convenience.

Auxiliary, USB, and iPod® connections
Play audio from iPhone, iPod, flash drives and other compatible multimedia devices through the integrated 3.5 mm (analogue) and USB connectors.

Electronic Parking Brake (EPB)
Engages the parking brake at the touch of a button. With the auto-hold function, the car is kept stationary even when the brake pedal is released.

Integrated Memory System (IMS)
Recalls the stored seat and side mirror position preferences of up to two drivers.

Tyre Pressure Monitoring System (TPMS)
TPMS not only indicates which tyre is low on air, but also shows the current pressure for each tyre.

USB charger
The USB charger built into the rear bottom of the centre console lets occupants charge their portable devices using a USB power source.

Auto up-and-down windows
Automatically controlled driver and front passenger windows add to the safety and convenience of the Sorento.

Sunshade blind
A retractable rear-door window sunshade helps rear passengers and stowed cargo stay cool on sunny days.

Stainless steel pedals
Sturdy, lightweight, stainless steel pedals add a performance-inspired accent.

LED-illuminated door scuff
Bright, low-energy LED lighting illuminates the lower door sill to help you get in and out of your car easily at night or in dark locations.

Colour and trim selection

Select from 7 stylish exterior colours that bring out the sophistication of the 7-seater SUV.

Interior finish materials

The textures and tones of trim accents bring a warm lustre to the interior.

Black high gloss

Radiator grille

The signature tiger-nose grille is hot-stamped for a sportier look.

Light metallic grille

Outside door handles

Chrome-finished outside door handles come as standard.

Chrome

Skid plate

The visually appealing front under guard and skid plate offer protection against splashes and scrapes.

Silver painted

Exterior colours

The Sorento is available in a wide variety of exterior colours.

Snow White Pearl (SWP)

Silky Silver (4SS)

Gravity Blue (B4U)

Rich Espresso (DN9)

Steel Gray (KLG)

Platinum Graphite (ABT)

Aurora Black Pearl (ABP)

Alloy wheel

Aerodynamic alloy wheels help reduce unsprung weight and accentuate the Sorento's brawny character.

Cycle & Carriage After-sales Service keeps your car in its prime

We care for you the same way we care for our family. Experience the Cycle & Carriage Kia Service spirit as we welcome you at our Kia Service Centres.

With more than a century of experience in the automotive industry, we can assure you that you will enjoy the most comprehensive customer support and first-class service from well-trained professionals, using state-of-the-art technologies, diagnostic tools and Grade A genuine parts to keep your Kia vehicle running in peak condition. All Kia genuine parts come with a 1-year or 20,000 km (whichever comes first) warranty.

This is our commitment to you.

Get unsurpassed assurance from Kia

We are confident of the quality and durability of every Kia vehicle, having carried out stringent pre-delivery processes and checks before the car is delivered in pristine condition. Additionally, your new Kia car will enjoy a 5-year unlimited mileage warranty and a 10-year engine warranty.

From the date of registration, your new Kia car is covered against defects in materials and workmanship for a period of 5 years of unlimited mileage. On top of that, starting from 1 June 2014, your Kia car will come with a 10-year engine warranty, subject to a maximum mileage of 200,000km or 10 years, whichever is earlier. This engine warranty will take effect immediately after the expiry of the manufacturer's.
