EV5 GT

Exterior

The overwhelming performance of the EV5 GT, delivering a bold presence through high-performance character and technical sophistication, adds a special edge to every drive.

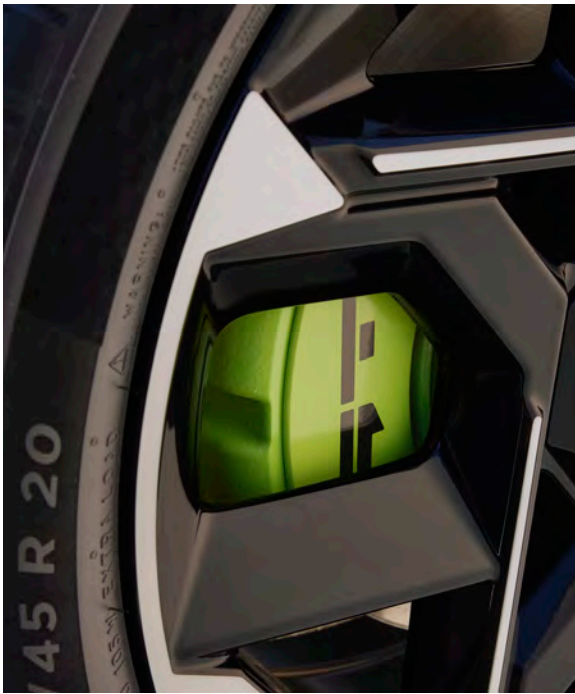

0-100 km/h in 6.2 seconds
It accelerates from a standstill to 100 km/h in just 6.2 seconds. With a top speed of 180 km/h and 225 kW (306 ps), users can experience the GT's unrivaled driving performance.

Magma Matte Red (MRM) / Specifications may vary according to the trim and options that are selected.

Preview Electronically Controlled Suspension
It optimizes suspension control by predicting driving conditions, including the road surface ahead, to deliver a stable and refined ride.

Virtual Gear Shift (VGS) with e-ASD (Active Sound Design)
It enhances driving immersion with virtual engine and shift sounds through the sound system, delivering a dynamic experience with simulated gear changes.

Neon Color Brake Calipers
The neon-colored calipers featuring the GT-exclusive emblem create a striking and sporty visual statement.

20-inch GT-exclusive Wheels and Tires
The GT-exclusive 20-inch alloy wheels and performance summer tires emphasize the model's athletic stance and sporty character.

Interior

The exclusive sports seats, a circuit-inspired steering wheel, and neon design accents heighten the powerful driving character unique to the EV5 GT.

GT-exclusive Sports Seats

Suede materials create a refined interior atmosphere, while neon-point garnishes and suede wrapping on the seatbacks complete the distinctive GT interior.

Ergo Motion Seat for the Driver / Passenger Relaxation Comfort Seat

The driver's seat adjusts air pressure to provide optimal support tailored to body shape and driving posture, helping reduce fatigue. The front passenger seat also features a relaxation function, offering comfortable rest in a zero-gravity posture.

GT Mode

It automatically adjusts vehicle settings, including the front and rear motors, to optimize suspension and acceleration for a more dynamic driving experience.

GT-exclusive Cluster and GUI

A GT-exclusive cluster design and GUI with neon accents enhance the dynamic and engaging driving atmosphere.
