An impressive combination of style, comfort, and versatility

Presenting the 2018 Kia Sedona, designed and engineered to deliver both sophisticated styling and all-around versatility. Its spacious interior allows both driver and passengers to travel in exceptional comfort. A wealth of technologically advanced features,* including available systems like Autonomous Emergency Braking,* inspire confidence and enhance everyday convenience. Sedona also includes integrated safety systems that have helped it earn award-winning safety ratings. Like all Kia models, Sedona comes with an industry-leading, 10-year/100,000-mile warranty program— a reflection of its outstanding quality and reliability.

THE 2018 SEDONA

• 3.3L Gasoline Direct Injection V6 engine
• 19" tires with chrome-finish alloy wheels
• 8-passenger seating with removable 2nd-row center seat or available 7-passenger seating with 2nd-row first-class lounge seats
• Leather seat trim (1st & 2nd row) or available Nappa leather seat trim
• Rear-Camera Display
• Dual power-sliding side doors

SX

• 3.3L Gasoline Direct Injection V6 engine
• 10" tires with chrome-finish alloy wheels
• 8-passenger seating with removable 2nd-row center seat or available 7-passenger seating in 2nd-row first-class lounge seats
• Leather seat trim (1st & 2nd row) or available Nappa leather seat trim
• Rear-Camera Display
• Dual power-sliding side doors

SX LIMITED

• 3.3L Gasoline Direct Injection V6 engine
• 17" tires with alloy wheels
• 8-passenger seating with removable 2nd-row center seat or available 7-passenger seating in 2nd-row first-class lounge seats
• Cloth seats w/YES Essentials® fabric treatment
• Rear-Camera Display
• Dual manual-sliding side doors

EX

• 3.3L Gasoline Direct Injection V6 engine
• 18" tires with premium-finish alloy wheels
• Navigation with 8" touch screen
• Ventilated front seats
• 7-passenger seating
• Slide-N-Stow® 2nd-row seats
• Leather seat trim (1st & 2nd row)
• Rear-Camera Display
• Dual power-sliding side doors

LX

• 3.3L Gasoline Direct Injection V6 engine
• 17" tires with alloy wheels
• 8-passenger seating with removable 2nd-row center seat
• Slide-N-Stow® 2nd-row seats
• Leather seat trim (1st & 2nd row)
• Rear-Camera Display
• Dual power-sliding side doors

Cover and this page: SX LIMITED SHOWN

1, 2, 3, 4, * See Features pages for availability and endnotes. Not all optional features are available on all trims.
Spacious and adaptable

Sedona's interior adapts to your lifestyle, beginning with a choice of available seven- or eight-passenger seating. Either way, you can configure the second- and third-row seats to carry passengers in comfort or stow extra cargo. Available features like a 12-way power-adjustable driver's seat and 8-way power-adjustable front passenger's seat provide added comfort and convenience.

**Spacious Eight-Passenger Seating**

With available eight-passenger seating, the second row features a removable center seat. This design allows the second row to be configured for more spacious seating and convenient access to the third row, or for an additional passenger.

**Fold-In-The-Floor Third-Row Seats**

Third-row seats conveniently fold down into the floor, allowing you to quickly create a spacious rear cargo area. They also feature a versatile 60/40 split-fold design, giving the option of carrying a combination of passengers and cargo.

**Slide-N-Stow® Seat Design**

When you need more cargo area, you can take advantage of the second-row seats' Slide-N-Stow® design. Instead of removing the seats from the vehicle, simply flip a lever to stand the seats upright and slide forward, where they stay locked in place.

**Fold-In-The-Floor 3rd-Row Seats**

Third-row seats conveniently fold down into the floor, allowing you to quickly create a spacious rear cargo area. They also feature a versatile 60/40 split-fold design, giving the option of carrying a combination of passengers and cargo.

**Front Passenger's Seat Power Adjustment Switch**

An available switch on the inside bolster of the front passenger’s seat lets the driver conveniently adjust the seat so rear passengers can get in or out more easily and have more legroom when there’s no front-seat passenger.

---

*See Features pages for availability and endnote. Not all optional features are available on all trims.
†Not available on SX Limited with Prestige Package.
CARGO & VERSATILITY

Easy to live with in every way

Sedona is wonderfully versatile, with a spacious cargo area and a number of innovative features designed for everyday convenience. An available Smart-Power Liftgate* opens automatically if you simply stand next to it for three seconds, with the available Smart Key® in your possession, which is especially helpful when you have your hands full. Plus, the liftgate automatically retracts if it meets resistance, and you can set it to open and hold at different heights.

1. PADDED CENTER CONSOLE
   The large center console has a removable sliding tray and a storage compartment that is deep enough for a tablet computer. A 12-volt outlet and an available Rapid-Charge USB charging port help you keep your portable electronic devices fully charged.

2. PORTABLE RECHARGEABLE FLASHLIGHT
   An available rechargeable flashlight in the cargo area has dual functions. Mounted in place, it automatically lights the cargo area when the liftgate is opened. It is also easy to detach for use as a portable flashlight.

3. SECOND- & THIRD-ROW SUNSHADES®
   Rear-seat passengers can enjoy a cool and comfortable drive with available side-window sunshades.

4. 110-VOLT POWER INVERTER®
   With Sedona’s available 110-volt power inverter, you can plug in certain electronic devices—like a laptop computer—right into an electrical power outlet.

5. DUAL GLOVE BOXES®
   An available large cooling glove box lets you keep beverages chilled on long drives, while a second glove box provides additional storage space.

6. SMART WELCOME WITH POWER-FOLDING MIRRORS®
   When you approach your Sedona and it detects the presence of the available Smart Key® remote, the available Smart Welcome system unfolds the power-folding mirrors and turns on the interior and door-handle lights.

STAIN-RESISTANT SEATS
YES Essentials® cloth seating features repel-and-release technology for stain resistance, so even messy spills clean up easily.

1, 4, 5, 7 See Features pages for availability and endnotes. Not all optional features are available on all trims. Images #5 and #6 shown for illustration only.
Sedona’s cabin is designed to provide the driver with superb ergonomics. The shift lever is located in the center console to give the driver ready access to the Sportmatic® transmission. Everything from the steering-wheel-mounted controls to the available voice-command navigation system is intuitively placed for convenient operation. In addition, an abundance of upscale soft-touch material throughout the interior surrounds you with sophisticated styling.

Driver-focused

**INTERIOR FEATURES**

1. **REAR-CAMERA DISPLAY**
   To help you see things behind your vehicle that you might not see by looking over your shoulder, Sedona features a Rear-Camera Display with a large, bright screen.

2. **INFINITY® AUDIO SYSTEM**
   The available premium Infinity® audio system includes eight speakers, an external amplifier, and a subwoofer. It surrounds the driver and passengers with crisp, balanced sound for exceptional audio entertainment.

3. **STEERING WHEEL MOUNTED CONTROLS**
   You may operate a variety of features with the convenient steering-wheel-mounted controls including the audio system’s volume and mute selection and all of the cruise control system’s functions.

4. **PUSH-BUTTON START**
   For everyday driving convenience, you can start or stop the engine with the push of a button, and open a locked door, with the available Smart Key remote — even when you have it in your pocket or purse.

5. **LCD SUPERVISION METER CLUSTER**
   The available supervision meter cluster’s 3.5-inch, high-definition color LCD has sharp, high-contrast graphics and outstanding readability, thanks to its Thin-Film Transistor (TFT) construction.

6. **VOICE-COMMAND NAVIGATION**
   The convenient, available voice-command navigation system features a vivid 8-inch color touch screen and delivers continuously updated highway conditions from SiriusXM Traffic™.

7. **SIRIUSXM®**
   Enjoy over 150 channels, including commercial-free music, plus sports, news, and entertainment, during a 3-month SiriusXM All Access trial subscription! Plus, listening on the app and online is included in the trial, so you’ll hear the best SiriusXM has to offer on your compatible devices.

8. **STEERING-WHEEL-MOUNTED CONTROLS**
   You may operate a variety of features with the convenient steering-wheel-mounted controls including the audio system’s volume and mode selection and all of the cruise control system’s functions.

9. **HEATED STEERING WHEEL**
   Sedona SX and SX Limited include a wide variety of luxurious features designed to provide comfortable driving all year long. The available heated steering wheel is especially nice on cold winter mornings.

* See Features pages for availability and endnotes. Not all optional features are available on all trims. Simulated screen shown. Image #3 shown for illustration only.
A higher standard of comfort

Sedona has a range of premium features that provide a comfortable, luxurious ride. Sedona SXL features available elegant two-tone, Nappa leather seat trim complemented by reclining second-row, first-class lounge seats. They slide forward and backward as well as side to side for added adjustability, and include aviation-style, contoured headrests and adjustable armrests and footrests for exceptional comfort.

PREMIUM FEATURES

1. DUAL SUNROOF®
Sedona SX Limited has available front and rear sunroofs that let you enjoy a feeling of spaciousness and fill the cabin with fresh air. They also feature dual sliding sunshades that are easy to open and close.

2. HEATED & VENTILATED SEATS®
Enjoy optimal comfort in warm weather with available ventilated driver’s and front-passenger’s seats. Available heated front seats with three temperature settings and heated second-row outboard seat cushions help ensure comfortable driving in cold weather.

3. DRIVER’S MEMORY SEAT & MIRROR SYSTEM®
Available memory settings for two drivers are located on the driver’s door. They provide the luxury and comfort of personalized engineering for the available 12-way power-adjustable driver’s seat and outside mirrors.

4. PREMIUM NAPPA LEATHER SEATS®
Sedona SX Limited features available premium full-grain Nappa leather seat trim for first- and second-row seating, providing upscale styling and an elegant feel for traveling in exceptional comfort.

TRI-ZONE AUTOMATIC TEMPERATURE CONTROL®
Available temperature control allows the driver and front passenger to adjust the settings to create individual climate zones. Second- and third-row passengers can also adjust separate ventilation outlets. A cluster ionizer works silently and efficiently to help purify air in the cabin.

5, * See Features pages for availability and endnote. Not all optional features are available on all trims.
A wiser state of mind

The driver’s state of mind was essential in the development of Kia Drive Wise — a suite of available driver-assistance technologies. Its features are intended to keep you alert, calm, and aware of surrounding traffic, and intervene if necessary to help you avoid collisions.

1. SURROUND-VIEW MONITOR™
   Available Surround-View Monitor utilizes four cameras, located at the front, rear, and sides, to provide visibility all around the vehicle. This helps enhance the driver’s view when maneuvering into parking spaces.

2. SMART CRUISE CONTROL™
   Available Smart Cruise Control uses radar to maintain a predetermined distance from the vehicle directly ahead, automatically slowing or accelerating your Sedona when appropriate.

3. LANE DEPARTURE WARNING SYSTEM™
   This available system is designed to detect the vehicle moving out of its lane without the turn signal being used. When it does, it alerts you with a combination of audible and visual warnings.

4. FRONT & REAR PARK ASSIST SYSTEM™
   An available sensor system is concealed in both the front and rear bumpers. When parking, an audible warning is given if the system detects certain objects close to your vehicle.

5. REAR CROSS-TRAFFIC ALERT™
   Available Rear Cross-Traffic Alert warns the driver of cross traffic while the vehicle is in reverse by activating audible and visual alerts to help reduce the likelihood of a collision.

6. FRONT & REAR PARK ASSIST SYSTEM™
   An available sensor system is concealed in both the front and rear bumpers. When parking, an audible warning is given if the system detects certain objects close to your vehicle.

7. FORWARD COLLISION WARNING SYSTEM 1
   Available Forward Collision Warning System activates and alerts when the vehicle detects objects immediately ahead that may cause a potential impact, encouraging the driver to decelerate.

8. AUTONOMOUS EMERGENCY BRAKING™
   This available system is designed to monitor vehicles and pedestrians traveling ahead of you. If the system determines a crash might be imminent, it works to automatically apply the brakes, helping to avoid a collision or mitigate the effects if it cannot be avoided.

9. DYNAMIC BENDING LIGHT
   For enhanced visibility while driving at night, Dynamic Bending Light works with the available High-Intensity Discharge (HID) headlights to deliver a varying beam pattern and enhanced directional lighting based on vehicle speed and steering angle.

10. BLIND-SPOT DETECTION WITH LANE-CHANGE ASSIST™
    An available radar system helps detect vehicles in the driver’s blind spot and then provides audible and visual alerts. Lane-Change Assist helps detect vehicles in adjacent lanes approaching from behind.

*See Features pages for availability and endnote. Not all optional features are available on all trims. Simulated screen shots images shown for illustration only.
Sedona’s available UVO eServices Infotainment System* can be operated with simple voice commands and provides an easy, hands-free way to integrate a compatible smartphone® with your Sedona. It lets you stream music, monitor your vehicle’s driving habits, and access a variety of available advanced features like Apple CarPlay™ and Android Auto™ Plus, there are no subscription fees for the first 10 years to enjoy its many benefits.
The power of exceptional engineering

Sedona delivers a refined driving experience. With its powerful, 276-horsepower Gasoline Direct Injection (GDI) V6 engine and Sportmatic® transmission, you get strong acceleration whenever you need it. Sedona also features a rigid yet lightweight Iso-Structure™ body design complemented by a low center of gravity. Combined with four-wheel independent suspension and outstanding interior insulation, this unique design provides a smooth, quiet ride and responsive handling.

EXCEPTIONAL PERFORMANCE
Sedona features a 3.3-liter Gasoline Direct Injection (GDI) V6 engine that generates 276 horsepower. It’s tuned to deliver outstanding midrange torque for impressive acceleration.

PERFORMANCE

ISO-STRUCTURE™ CONSTRUCTION
Sedona’s body is manufactured with a combination of high-density, strength steel alloys. This body structure helps improve driving dynamics for more precise handling and a foundation for a quieter ride.

DRIVE MODE SELECT SYSTEM®
To suit your style of driving and road conditions, available Drive Mode selectable electronic steering and powertrain control allows a choice of normal, ECO, or comfort settings.

SPORTOMATIC® TRANSMISSION
The 6-speed automatic transmission helps provide smooth, seamless shifting. Its Sportmatic® function is designed to allow you to choose between automatic mode or, for even sportier driving, clutch-free manual shifting.

STRONG TOWING CAPACITY
The 3.3-liter G6V V6 engine produces 248 lb.-ft. of torque, giving Sedona a towing capacity of 3,500 lb.18 for capably hauling a wide variety of trailers.

REFINED SUSPENSION
MacPherson strut front and multi-link rear suspension systems help deliver exceptional handling and precise steering. Available high-performance shock absorbers* provide a smooth ride even over most bumpy roads.

ACOUSTIC GLASS*
To help block wind and road noise and provide a quiet ride, the windshield features available specially laminated glass with a thin film on each side of the window’s insulating center layer.

ACOUSTIC GLASS*
To help block wind and road noise and provide a quiet ride, the windshield features available specially laminated glass with a thin film on each side of the window’s insulating center layer.

Sedona’s technologically advanced systems are engineered to give you greater confidence on the road and help you maintain control, even in harsh road conditions and some emergency situations. In addition, these systems are designed to function automatically, freeing you to focus on safe driving.

ACTIVE SAFETY

ELECTRONIC STABILITY CONTROL (ESC)
ESC provides improved directional stability to help maintain better control in difficult driving situations. During emergency maneuvers, it works to control the engine and brakes to help keep your Sedona on course.

TRACTION CONTROL SYSTEM (TCS)
When TCS senses wheelspin during acceleration, it is designed to use a combination of both engine power and brake force to help transfer power to the wheel that has the most traction.

ELECTRONIC BRAKE-FORCE DISTRIBUTION (EBD)
To help maintain more consistent braking as vehicle loads and weight distribution change, the EBD system automatically adjusts the front-to-rear balance of brake pressure.

BRAKE ASSIST SYSTEM (BAS)
If BAS detects emergency braking, based on how quickly you step on the brake pedal, it instantly applies full braking force, which can help shorten your overall stopping distance.

CORNERING BRAKE CONTROL (CBC)
CBC provides side-to-side brake-pressure proportioning using the Electronic Brake-force Distribution system, resulting in optimized vehicle deceleration and stability when braking into a turn.

HILL-START ASSIST CONTROL (HAC)
When starting off on a steep hill, HAC is designed to automatically hold the brake pressure for two seconds after you take your foot off the brake pedal.
Advanced engineering for your protection

At Kia, the process of improving all aspects of safety is relentless. As a result, continuous engineering advances and breakthroughs in material design have led to Sedona’s exceptionally strong body construction, strategically placed airbags, and advanced sensors, all of which help to increase your peace of mind.

**ADVANCED AIRBAG SYSTEM**
An advanced airbag system helps protect driver and passengers with dual front, front seat-mounted side, and full-length side curtain airbags.19

**SIDE-IMPACT DOOR BEAMS**
All doors are reinforced with steel beams to help absorb impact energy and deflect side-impact force. In addition, the body’s support pillars are reinforced to help strengthen the body of the vehicle.

**FRONT SEAT-BELT PRETENSIONERS**
Pretensioners have been designed to tighten the front seat belts in the event of certain collisions. This can help to reduce the likelihood of injuries.

**REAR CHILD-SAFETY DOOR LOCKS**
Rear child-safety door locks help prevent the doors from being opened accidentally, which is important when small children are passengers. With the doors in the locked position, they can only be opened from the outside.

**AIRBAG & SEAT-BELT SENSORS**
This advanced system measures the severity of certain impacts, the presence of a front passenger and seat belt use, and then controls airbag inflation accordingly.19

**FRONT & REAR CRUMPLE ZONES**
Both front and rear crumple zones are engineered to help absorb and disperse impact energy, helping to preserve the basic structural integrity of the passenger compartment in certain collisions.

**FRONT & REAR 3-POINT SEAT BELTS**
Three-point seat belts are standard for all seating positions, so that each person is protected with both an over the lap and shoulder seat belt.

**LATCH SYSTEM**
Sedona features the easy-to-use Lower Anchors and Tethers for Children (LATCH) system. It is engineered to let you securely install a compatible child seat in the second row and passenger-side third row.

**PASSIVE SAFETY**
Discover world-class quality

Kia is committed to producing exceptional vehicles with superb quality and reliability to suit most every driving need. From compact to crossover, Kia delivers an extraordinary combination of precision engineering, outstanding performance, innovative features, and advanced safety systems.

COMMITMENT TO AMERICA

Kia Motors has invested over $1.1 billion in its manufacturing plant in West Point, Georgia. Utilizing the latest manufacturing processes and state-of-the-art robotics, the plant has produced over 2 million vehicles since 2009. The Sorento SUV and sedan Optima models are currently being assembled at this plant. Together with on-site and local suppliers, the Georgia facility is responsible for the creation of more than 7,500 jobs in West Point and the surrounding areas. It’s all part of Kia Motors’ commitment to America—a commitment that is sure to grow and strengthen in the years ahead.

INDUSTRY-LEADING WARRANTY PROGRAM

Kia engineers are passionate about producing vehicles that are exceptionally well designed and reliable. Their dedication to quality and attention to detail is a key factor in Kia’s confidence to back every model with an industry-leading warranty program.

- 10-year/100,000-mile limited powertrain warranty
- 5-year/60,000-mile limited basic warranty
- 5-year/100,000-mile limited anti-perforation warranty
- 5-year/60,000-mile 24-hour roadside assistance

COMPELLING DESIGN

Under the direction of President and Chief Design Officer Peter Schreyer, Kia vehicles have captured worldwide attention for their interior and exterior styling. The passionate collaboration of Kia’s designers has created a look that makes every model as bold as it is distinctive.

State laws may require that the passenger in the front seat be restrained in a seatbelt at all times. Images shown for illustration purposes only. Rear cargo and Glamour Seat Trim (available on all models). You may configure your KONA in our Configurator at kia.com/Configurator. 11. View Diagnostic uses the data from a real-time Host Telematics system and provides a comprehensive analysis of your vehicle and its performance. The View Diagnostic System can identify potential issues with your vehicle and recommend actions to improve performance. 12. Vehicle Diagnostics checks powertrain, chassis, and vehicle body systems and is only available in for maintenance. See UVO Maintenance Feature or Owner’s Manual for maintenance schedule. 13. Vehicle Diagnostics checks powertrain, chassis, and vehicle body systems and is only available in for maintenance. See UVO Maintenance Feature or Owner’s Manual for maintenance schedule. This information is provided for your reference only and should not be used for diagnostic purposes. It is recommended that you have your vehicle serviced by a Kia dealer at least once a year or every 15,000 miles (24,000 km), whichever comes first, to help maintain your vehicle’s performance and value. See dealer for details. 14. Inspection: Drivers Diagnostics+4, Vehicle Diagnostics checks powertrain, chassis, and vehicle body systems at turn-on, every 15 minutes, and when vehicle is stationary. In cases where the vehicle body or powertrain systems may need service, a diagnostic code is stored.
