Android Auto™ is designed to help you stay focused on the road. It equips your vehicle’s radio with display and control functions for compatible Android™ phones when they’re plugged into your Kia’s USB port.

Android Auto provides access to a variety of compatible apps, available by visiting Google Play™ on your Android phone.

**REQUIREMENTS**

- Android phones with Android 5.0 Lollipop or higher.
- It is recommended to always update your phone to the latest OS release
- Use the USB cable provided with your phone
1. From your compatible device, download the **ANDROID AUTO** app from Google Play.

2. Launch the **ANDROID AUTO** app on the phone and follow the on-screen instructions to complete the setup.
3. Press the **SETUP** hard key.

4. Tap the **CONNECTIVITY** icon on your vehicle’s home screen, then select **ENABLE ANDROID AUTO**

5. Connect the device to your vehicle’s USB port with the cable that was provided with your phone.

6. From the vehicle’s home screen, tap the **ANDROID AUTO** icon.
BASIC CONTROL FEATURES

Android Auto uses graphical cards on your vehicle’s home screen to keep you up to date with functions that are taking place through your phone, such as: messages, phone calls, navigation, music and more.

1. Tap the **MICROPHONE** icon in the upper right corner of the Android Auto home screen, or use the steering wheel controls to access **Google Voice Recognition™**. Use voice recognition to: send or reply to texts, make phone calls, navigate to a destination, and play music.

2. **ANSWER** and **END CALL** buttons are available on the steering wheel controls for use with incoming phone calls.

3. **Google Now™** offers information about current weather, appointments, travel routes, app status, and call history.

4. Icons along the bottom of the Android Auto screen are constant and offer different functionality.
Access the features of Google Maps™ and have voice guided navigation to your destination.

1. Tap the **MICROPHONE** button on the vehicle’s Android Auto screen, or use the steering wheel controls to begin Google Voice Recognition.

2. Say “Navigate to [address]” to begin navigation.

3. Or, start navigation directions with Google Maps from your Android device.

4. On the vehicle’s Android Auto home screen, press the **MAP** icon at the bottom left corner to view navigation.

**QUICK TIPS**

Android Auto unavailable on the console

- Make sure your phone is connected to the vehicle’s USB port.
- Ensure that **Car Mode Enabled** is activated.
Make calls, return calls, and listen to voicemail.

1. Tap the **MICROPHONE** button on the vehicle’s Android Auto screen, or use the steering wheel controls to begin Google Voice Recognition.

2. Say “Call [Name or number]” to dial.

3. Or, tap the **PHONE** icon on your vehicle’s Android Auto home screen.

4. Use the **MENU** icon at the top left for a dial by name directory, voicemail access, call history, or to view missed calls.
QUICK TIPS

Unable to Make Phone Calls

✔ If this message is shown, your phone needs to be paired with your vehicle through Bluetooth®. If five phones have been paired to the vehicle in the past, it is necessary to delete a paired phone in order to pair your phone.

1. Press the PHONE button on the steering wheel.

2. Select YES on the vehicle’s touch screen.

3. Once you are on the Bluetooth® connection menu, you may delete one or more devices.
Listen to music from your **Google Play Music™** app and other compatible third-party services.

1. On the vehicle’s Android Auto home screen, tap the **HEADPHONES** icon.

2. Select the desired music app.

3. Once an app is selected, song information will be displayed on the screen.

**QUICK TIPS**

**Voice Recognition with Music Apps**

- Google Play Music is the only music app that can be controlled via voice recognition, at this time. Third party apps such as iHeartRadio® and Spotify® do not support voice recognition through Android Auto.
How to Listen to Music

Quick Tips

1. Tap the music station’s name.

2. Select a category option.

3. Select a station or song. This resets the music stream.

When Audio Cannot Be Heard Through Third Party Apps
Apple CarPlay™ is a smarter way to use your iPhone® in the car. It enables your vehicle’s radio to be a display and controller for compatible iPhones when they’re plugged into your Kia’s USB port.

Apple CarPlay provides access to compatible Apple apps, such as: Phone, Music, Maps, Messages, iBooks® and Podcasts. Also available are a number of popular third-party apps.

REQUIREMENTS

• iPhone 5 or later and it is recommended to always update your iPhone to the latest iOS release

• Apple Lightning® cable provided with your phone or, Apple certified Lightning cable

* If equipped.
1. From your vehicle, choose **SETUP**, then **CONNECTIVITY**.

2. Select **ENABLE APPLE CARPLAY**. Make sure to accept the agreement on the head unit to enable Apple CarPlay.

3. Plug your compatible iPhone into the USB port in the console area using the compatible Apple Lightning cable that was provided and accept any requests/agreements from your phone.

4. On the Home screen, select the **APPLE CARPLAY** icon. Your phone should display the Apple CarPlay lock screen and all supported apps will appear on your vehicle’s touchscreen.
Apple CarPlay is controlled using your vehicle’s knobs, buttons, touchscreen and steering controls, and also features Siri® voice control. Control for your Apple CarPlay apps is very similar to your iPhone.

1. Tap the **APPLE CARPLAY** icon from the vehicle home screen to enter CarPlay mode

2. Tap the **KIA** icon to go back to the vehicle home screen

3. Tap icons on your vehicle’s touchscreen to launch apps

4. Or, use the **VOICE COMMAND** button on your steering wheel to access Siri; you can ask Siri for nearly anything you need, such as: “Take me to the nearest gas station”, "Call Rich.", "Play music." or “Read my new message.”
Use all functions of Apple Maps, including the new Nearby feature, that helps you find gas, parking, restaurants and more.

1. Tap the **MAPS** icon on your vehicle’s Apple CarPlay home screen

2. Enter an address, find a contact, or search for a nearby point of interest

3. Or, use the **VOICE COMMAND** button on your steering wheel to access Siri and use voice commands to initiate your trip
HOW TO MAKE PHONE CALLS

Make calls, return calls, and listen to voicemail.

1. Tap the PHONE icon on your vehicle’s Apple CarPlay home screen

2. Easily access your favorites, recents, contacts and more

3. Swipe your touchscreen to scroll up and down; tap the contact or number to initiate the call

4. Or, use your steering wheel controls and voice commands to access Siri to help initiate your call. You may also use steering wheel controls to answer and end and incoming calls
Access all of your content from iTunes®, your Music app or available third-party audio apps.

1. Tap on an icon from your vehicle’s Apple CarPlay home screen

2. Content categories are shown across the top of the screen

3. Swipe up and down to scroll through content; tap to play your selection

4. Or, use the steering wheel controls and use voice commands to tell Siri what you’d like to hear.
Send and receive messages, and receive new message notifications.

1. Tap the **MESSAGES** icon on your Kia’s Apple CarPlay home screen

2. Access recent and new messages, listed by contact

3. Use the steering wheel controls and voice commands to have Siri help reading new messages, or send new messages to a contact
If CarPlay doesn’t work like you expect, here are a few things you can check.

Try the following:

• Disconnect cable and reconnect
• Restart iPhone
• Try a different Apple certified Lightning cable
• Update to the latest iOS.

Issues that may occur when using CarPlay include:

• Black screen (No information is sent from iPhone while on CarPlay mode)
• Interruption in using Siri
• CarPlay does not launch and possibly other unknown concerns

NOTE: Use of CarPlay is dependent on the iPhone and CarPlay.
ANDROID AUTO
Distracted driving can result in a loss of vehicle control. Never use a handheld device or vehicle system that takes your focus away from safe vehicle operation. Navigation is for informational purposes only, and Kia does not make any warranties about the accuracy of the information.

• Apps use your smartphone data service; normal cellular service rates will apply.
• Android Auto features may operate differently than on your phone.
• Compatibility with third party apps is not guaranteed.
• Message and data rates may apply when using Android Auto.
• Android Auto relies on the performance of your phone. If you experience performance issues: close and restart all apps, disconnect and reconnect your phone.
• Use of the USB cable that was provided with your phone is recommended.
• When Android Auto is active, your in-vehicle voice recognition system will be disabled and all requests will be initiated using Google voice actions.

APPLE CARPLAY
Distracted driving can result in a loss of vehicle control. Never use a handheld device or vehicle system that takes your focus away from safe vehicle operation. Apple CarPlay is provided by Apple Inc. and only compatible with certain Apple devices and operating systems. Devices, cables and adapters are not included and must be purchased separately. Cellular data and/or voice charges may apply, including roaming charges and/or other amounts charged by your wireless carrier.

Only use Apple CarPlay when conditions allow you to do so safely. Some laws prohibit the operation of electronic devices while operating a vehicle. Launch applications and perform other operations on electronic devices only when the vehicle is safely parked. Certain functionalities may be locked while vehicle is operational. Depending on use, Apple CarPlay can share certain user and vehicle information (e.g., vehicle location, speed and other operating conditions) with the connected iPhone. See Apple’s privacy policy or contact Apple Inc. at www.apple.com for details regarding Apple’s use and handling of data uploaded by Apple CarPlay. Use of Apple CarPlay is at user’s own risk, and is subject to agreement to the Apple CarPlay terms of use, which are included as part of the Apple iOS terms of use. Apple CarPlay vehicle integration is provided “as is,” and Kia cannot guarantee Apple CarPlay operability or functionality now or in the future due to, among other conditions, changes in Apple CarPlay software/Apple iOS, service interruptions, or incompatibility or obsolesce of vehicle-integrated hardware or software.
